

"Wall Wart" Power Supplies available for GIVEAWAY

Steve KØCI email k0ci@arrl.net or cell/text 719-660-9088

120 V (-ish) AC two-prong input

DC output V	DC output mA	misc output - NOT TESTED
30	500	drop-in contacts
5	1100	USB or something
4.75	550	USB or something

All of these (below) have tested good output voltage:

DC output V	DC output mA	can't measure OD or ID
12	1000	coaxial power connector
12	1000	coaxial power connector
12	600	coaxial power connector
12	300	coaxial power connector
9	300	coaxial power connector
9	210	coaxial power connector
6.5	500	coaxial power connector
5.5	500	coaxial power connector
5	2000	coaxial power connector
4.5	1000	coaxial power connector
1.5	150	coaxial power connector

AC output V	AC output mA	can't measure OD or ID
16	500	coaxial power connector
