CHILDCARE BUSINESS CONSULTANCY SERVICE

The Kemi Osinloye Childcare Business Consultancy Service is designed to support childcare business start-ups and people thinking of starting their own childcare business. Kemi Osinloye's consultancy service sets out to meet individual needs from a step by step guide through childcare business documents and paper work to recruiting a strong team. Kemi Osinloye also offers sessions for working parents looking for the perfect childcare.

Available service includes:

- One-to-one bespoke consultancy
- Steps to improve the quality of your childcare service
- Advice on the best possible childcare answers/suggestions for the client.
- Decoding the OFSTED registration process, policies and paper work.
- Understanding the Early Years Foundation Stage.
- Support and guidance in childcare related courses and qualifications.
- Support and guidance on getting an OFSTED acceptable premises.
- The differences between the childcare settings, what OFSTED wants from each and how to meet the requirements.

Who can benefit from Childcare Business Consultancy?

- Clients starting out or thinking about going into the childcare business.
- Individuals that want to develop the right and essential tools in their childcare business.
- Companies setting up childcare space or environment within their organisation.
- Working parents looking for the perfect childcare
