McLaren Properties

- **McCool**

- McCool Core Property**

- Mineral Lease acquired 100 percent from Newmont in exchange for providing the Augdome option to Newmont
 - 275 ha (679 acres) - 1 Lease consisting of Surface and Mining Leased Lands

- McCool Extension Property**

- Mineral Leases contiguous with McCool Core Property, purchased from private individuals
 - 1375 ha (3398 acres) for a total of 1650 ha (4077 acres) McCool Core + McCool Extension Property

- **Kerrs**

- Mineral Leases acquired 100 percent from Newmont in exchange for providing the Augdome option to Newmont
 - 775 ha (1915 acres) - 5 Leases consisting of Surface and Mining Leased Lands

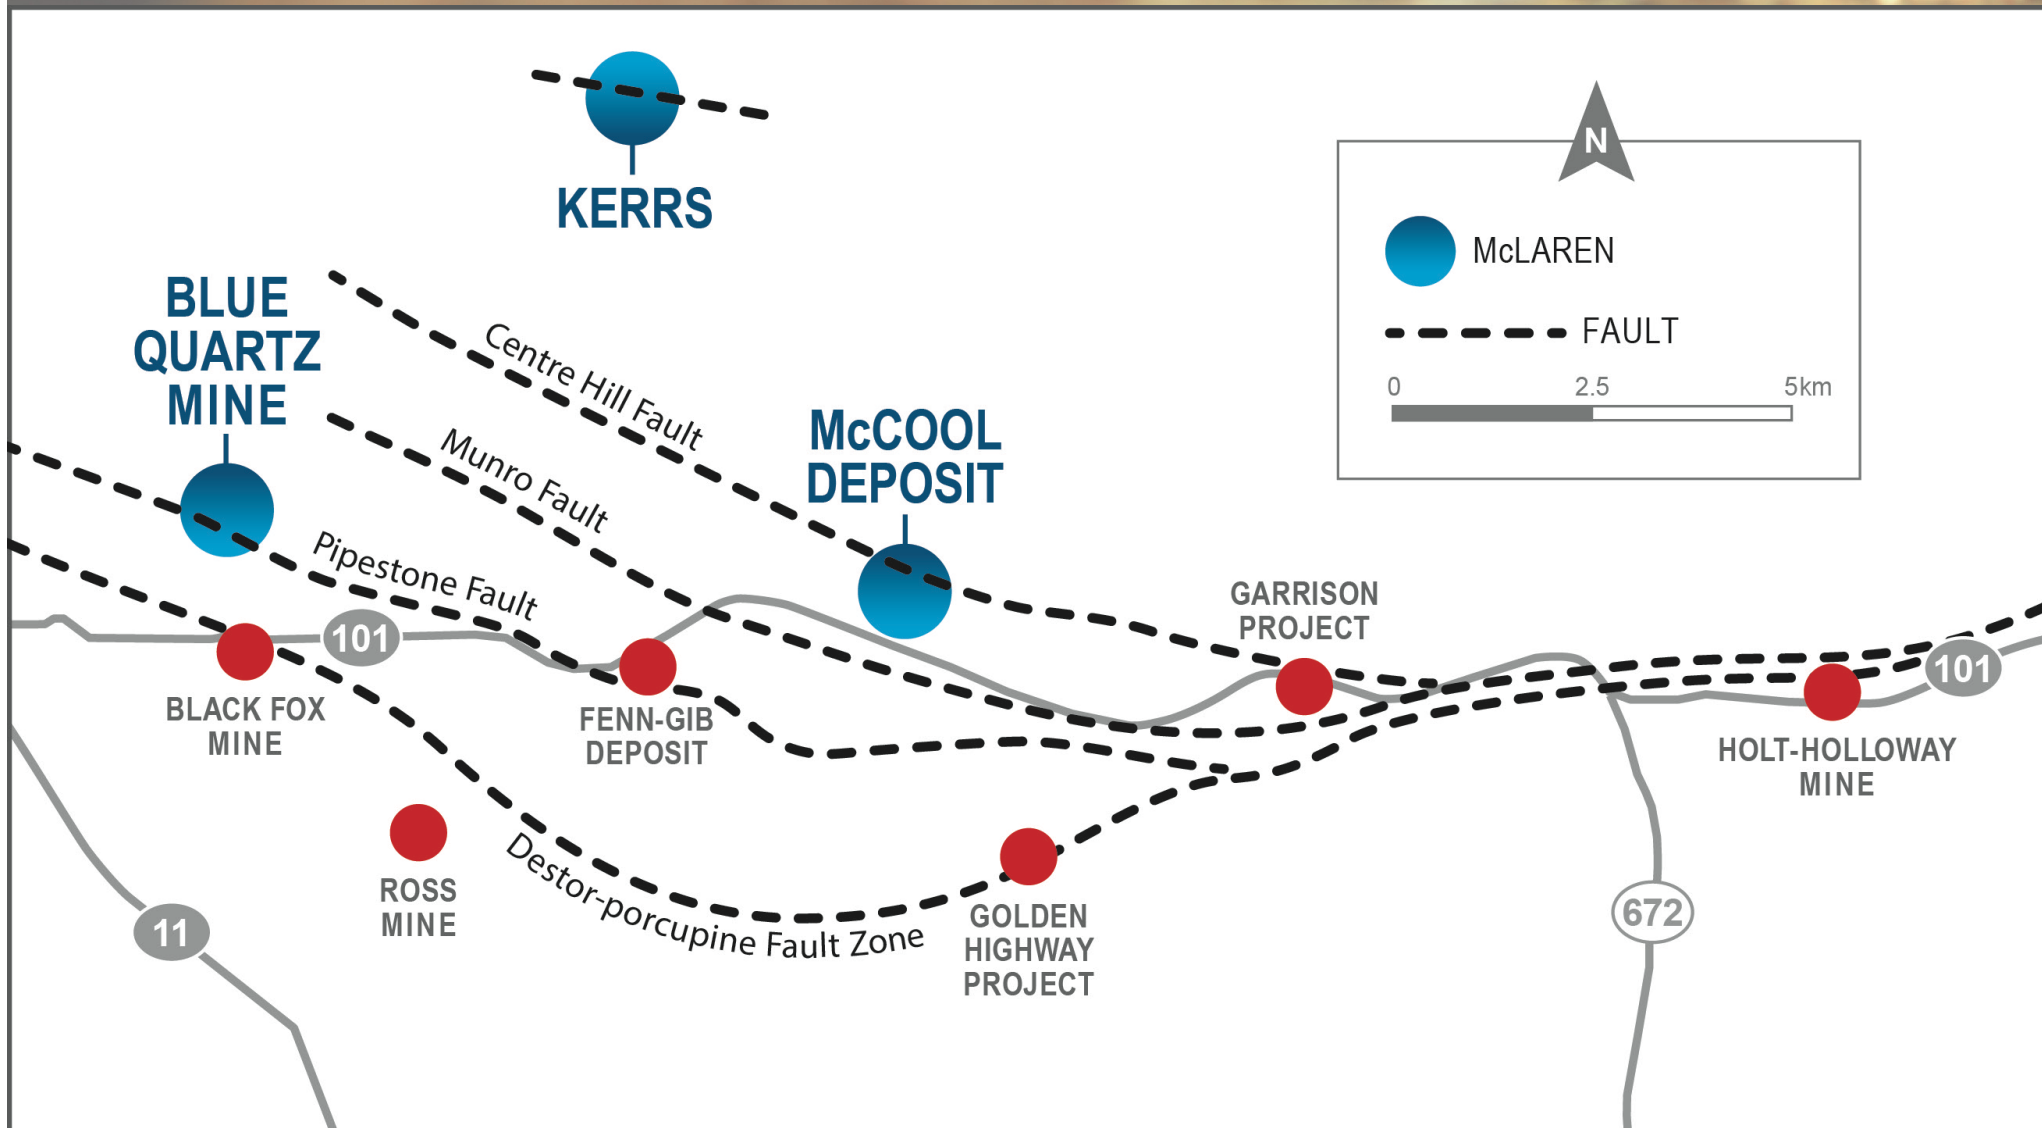

- **Blue Quartz**

- 25 patented claims owned 100 percent by McLaren
 - 8 crown claims owned 100 percent by McLaren
 - 640 ha (1,600 acres)

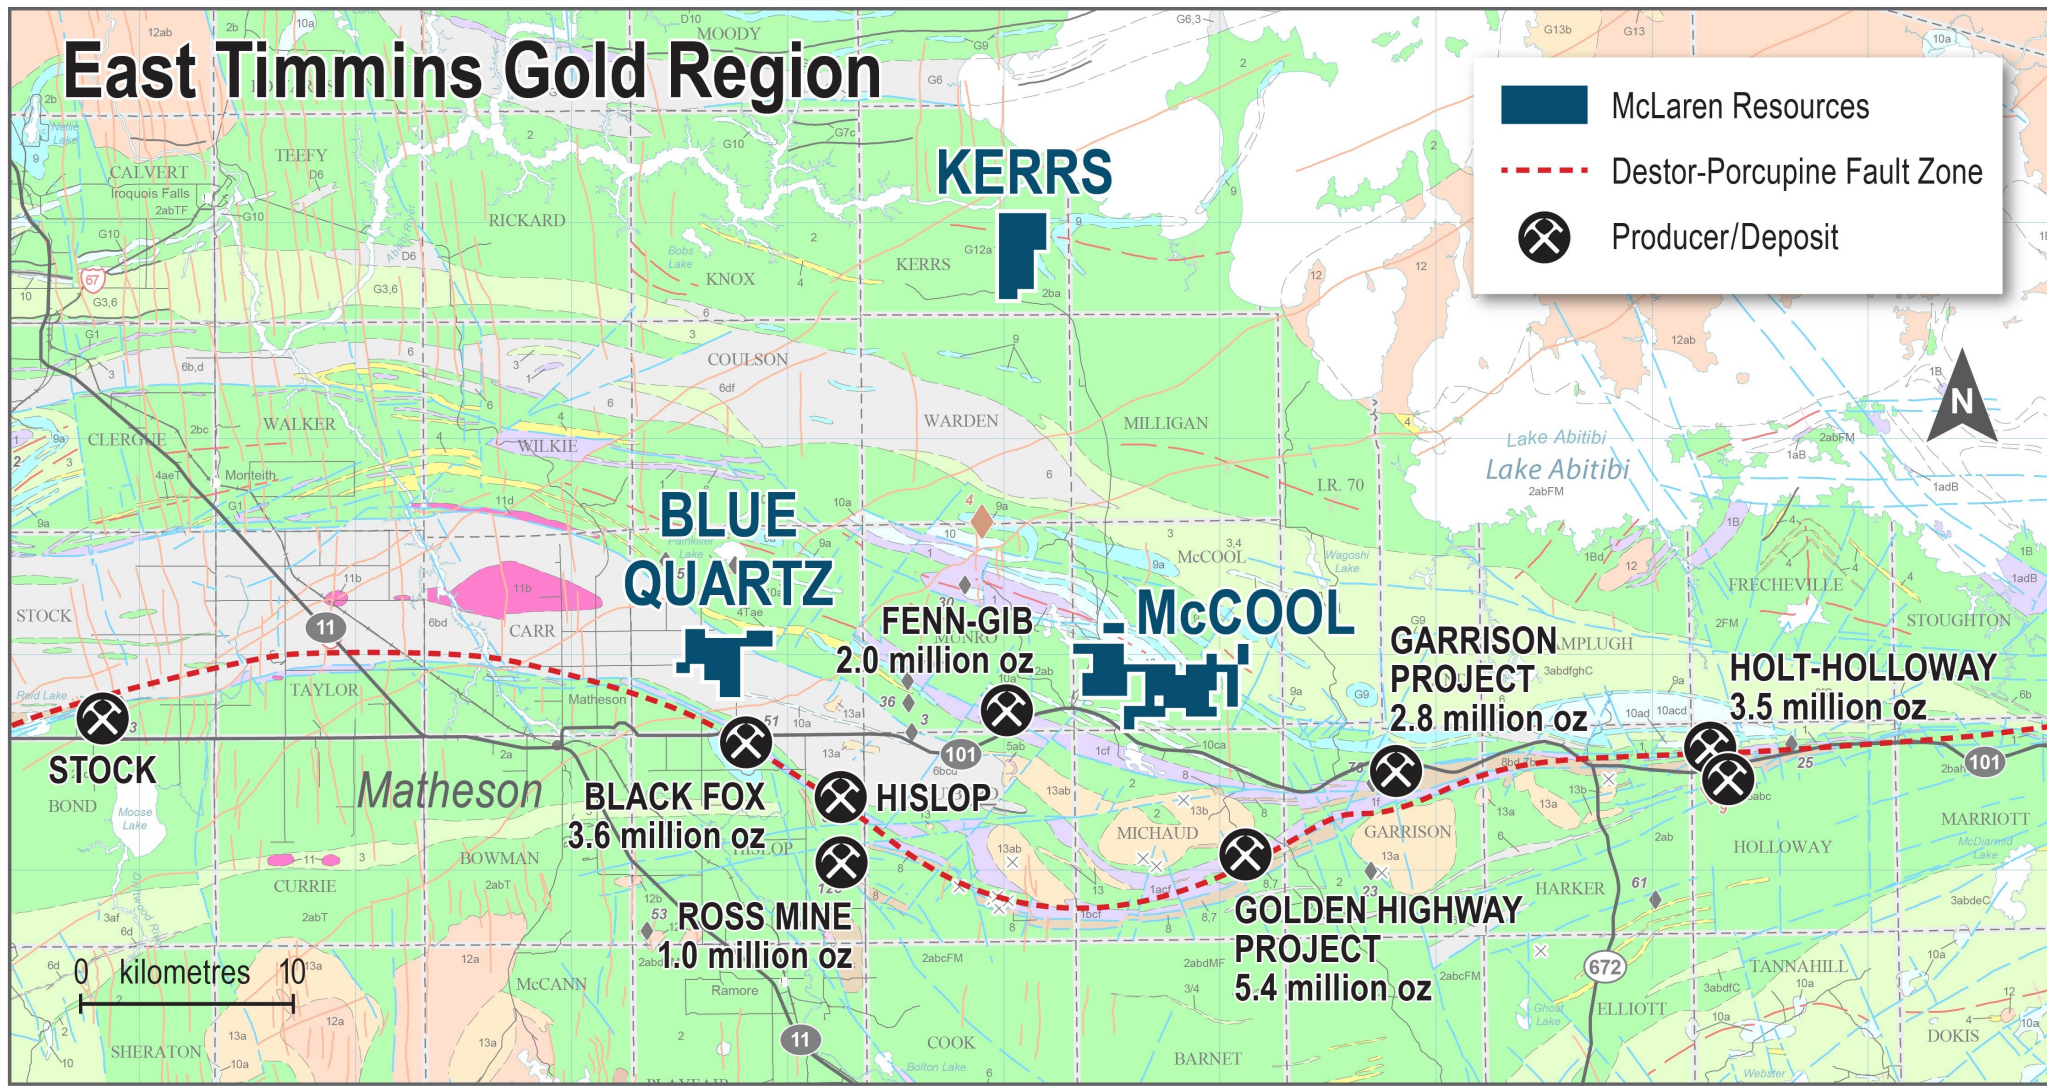

- **Augdome**

- 22 patented claims optioned to Newmont

McCool, Kerrs and Blue Quartz Properties

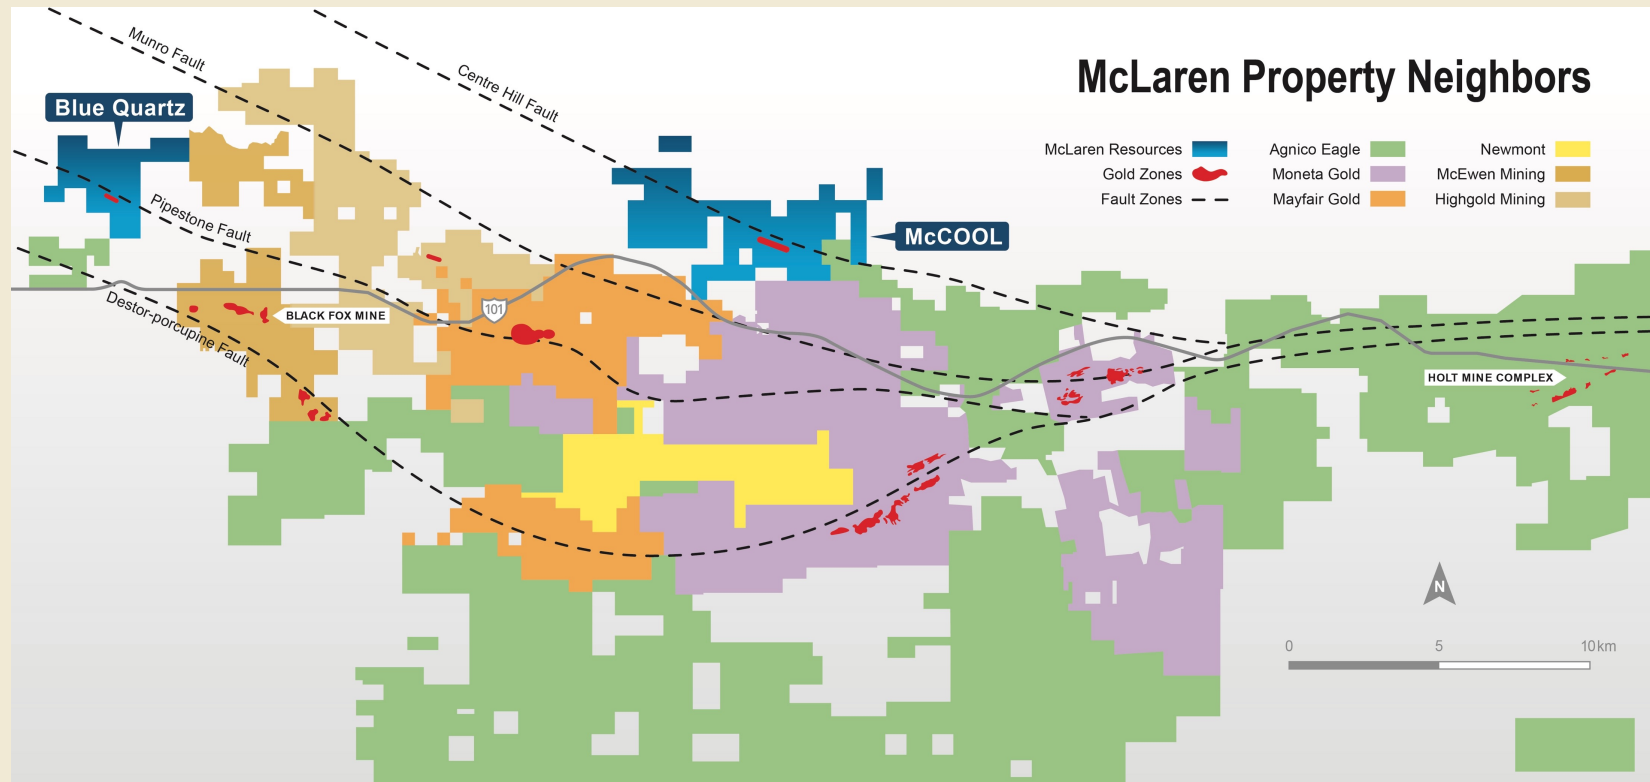

McCool, Kerrs and Blue Quartz Properties

Good Neighbors

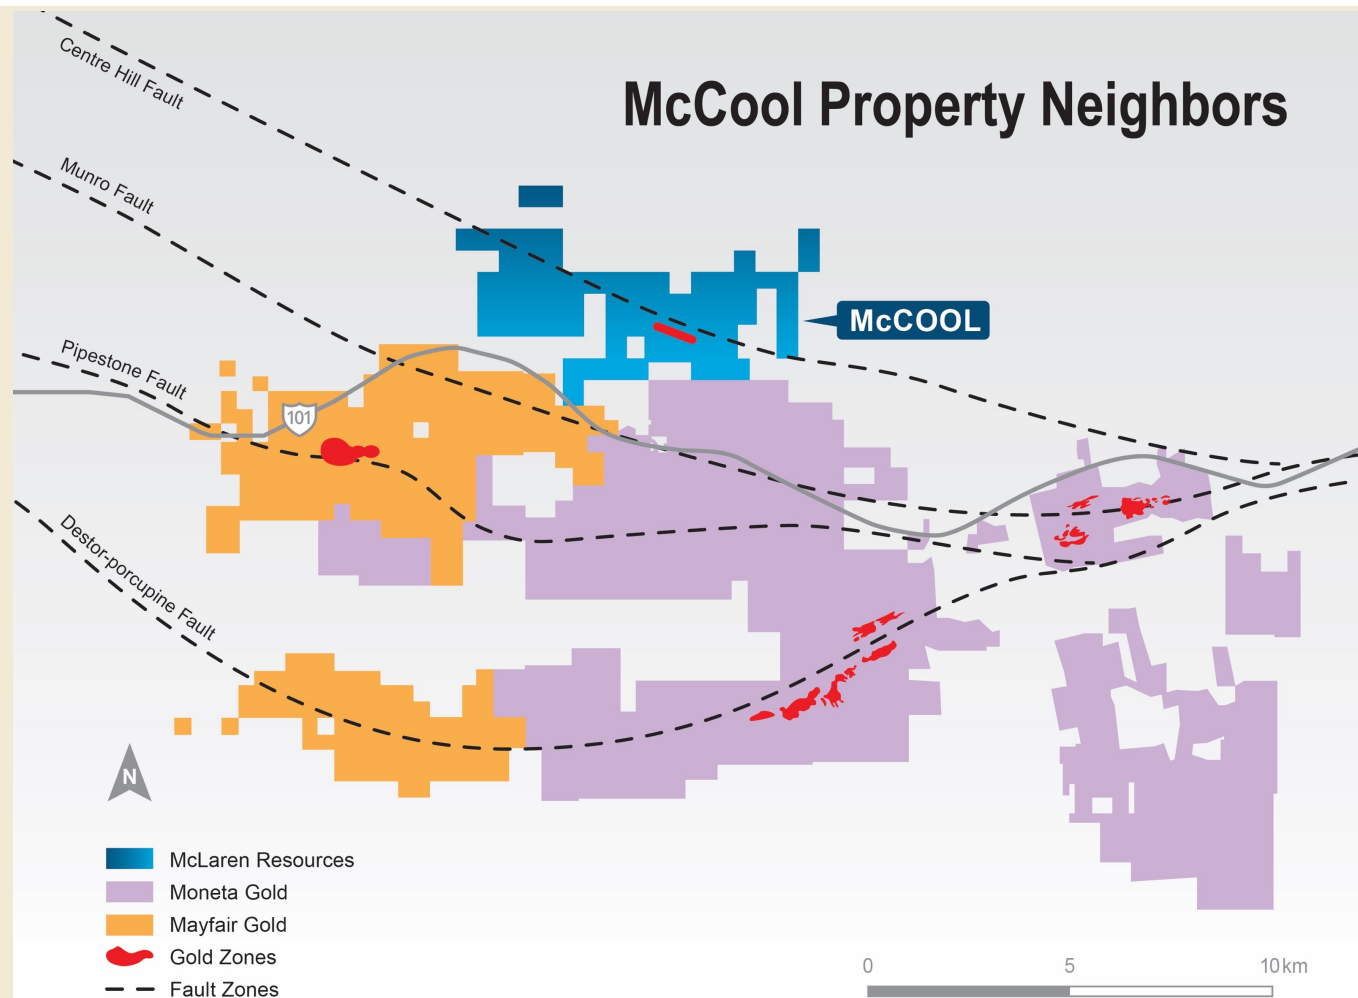

- **Moneta** successfully expanding their gold zones next to McCool. Current Moneta resource at Tower project is 8.4 million oz.
- **Mayfair Gold** successfully expanding the Fenn Gibb gold zones on the east side of the McCool property. Current resource 2.1 million oz
- **Highgold** is expanding the Croesus Gold project with successful exploration Drilling.

- **McEwen Mining** expanding gold zones and mining operations at the Fox Mine property.
- **Agnico Eagle Holt Mine** complex located west of the McCool property.

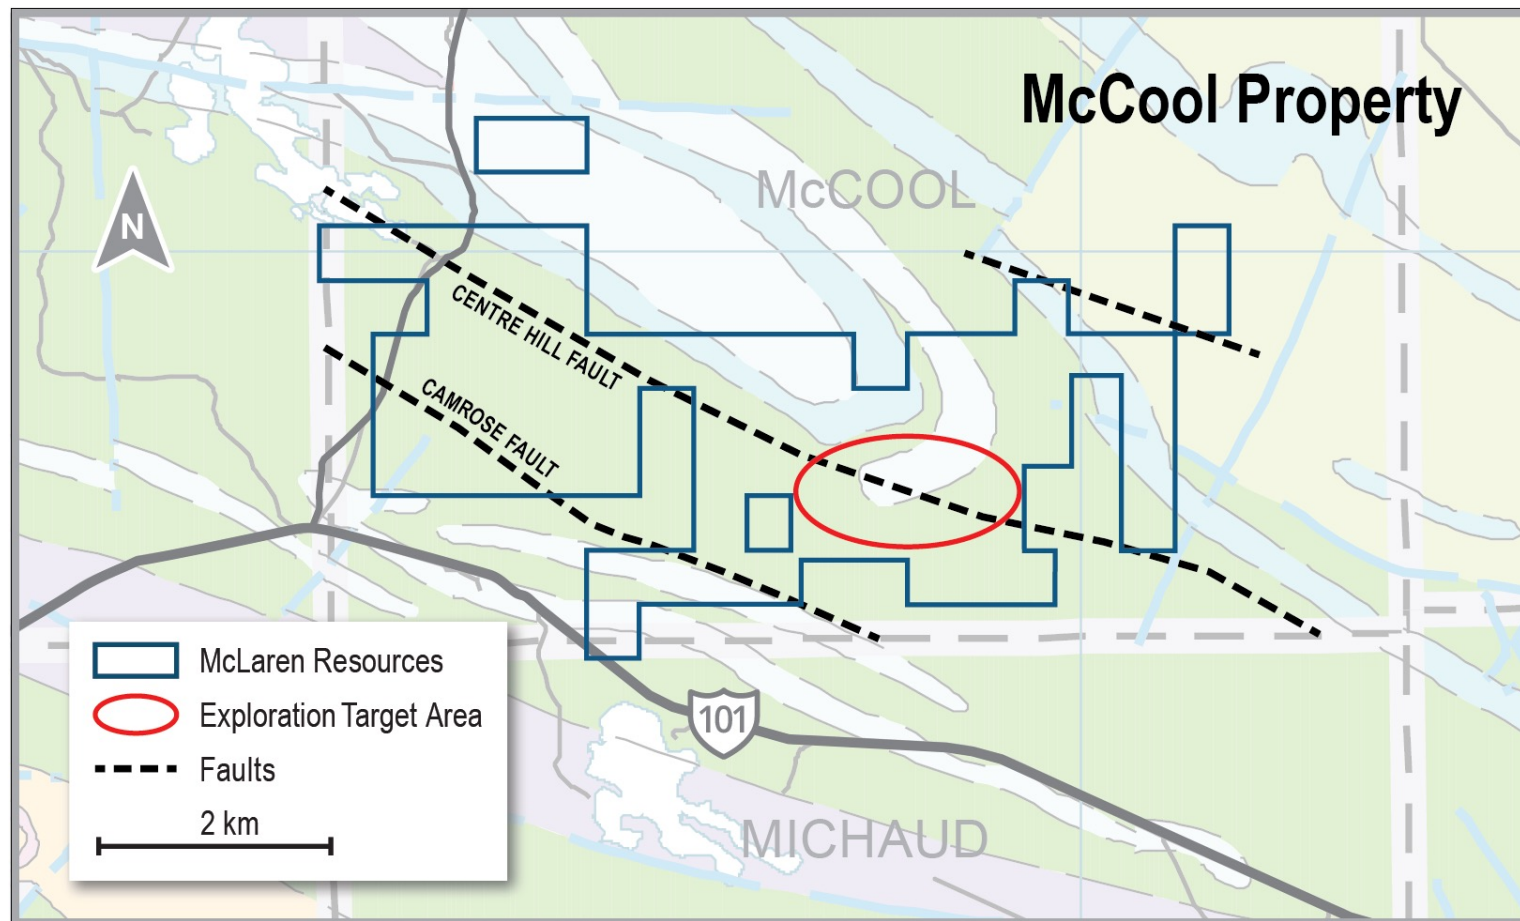

McCool Property – Good Exploration Potential

- 1650-hectare Mining Lease (4077 acres)
- 100% interest
- Gold-bearing structures established on property
- Neighbors Moneta Gold and Mayfair Gold conducting successful exploration next door

McCool Property - Exploration

- McCool Property has very good exploration potential
- Neighbors are having a good exploration success
- Gold zones are associated with Centre Hill Fault
- Exploration drilling is planned

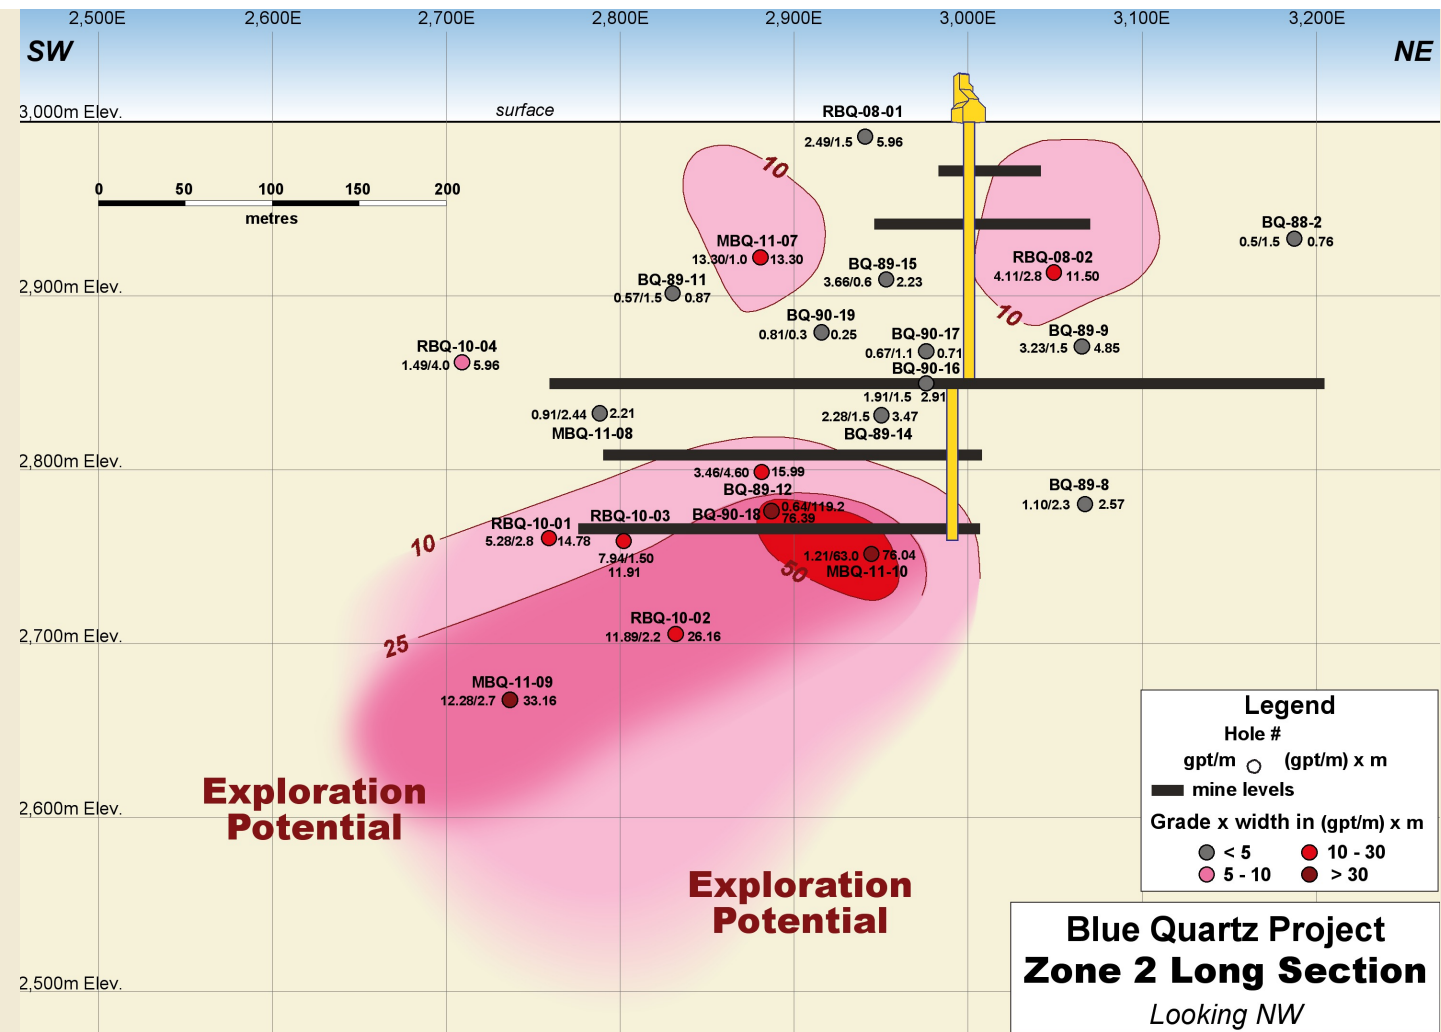

Blue Quartz

- Located on favourable geology for gold discovery
- Near Destor Porcupine Fault regional geological structure associated with significant Timmins gold deposits
- Blue Quartz property 100% owned

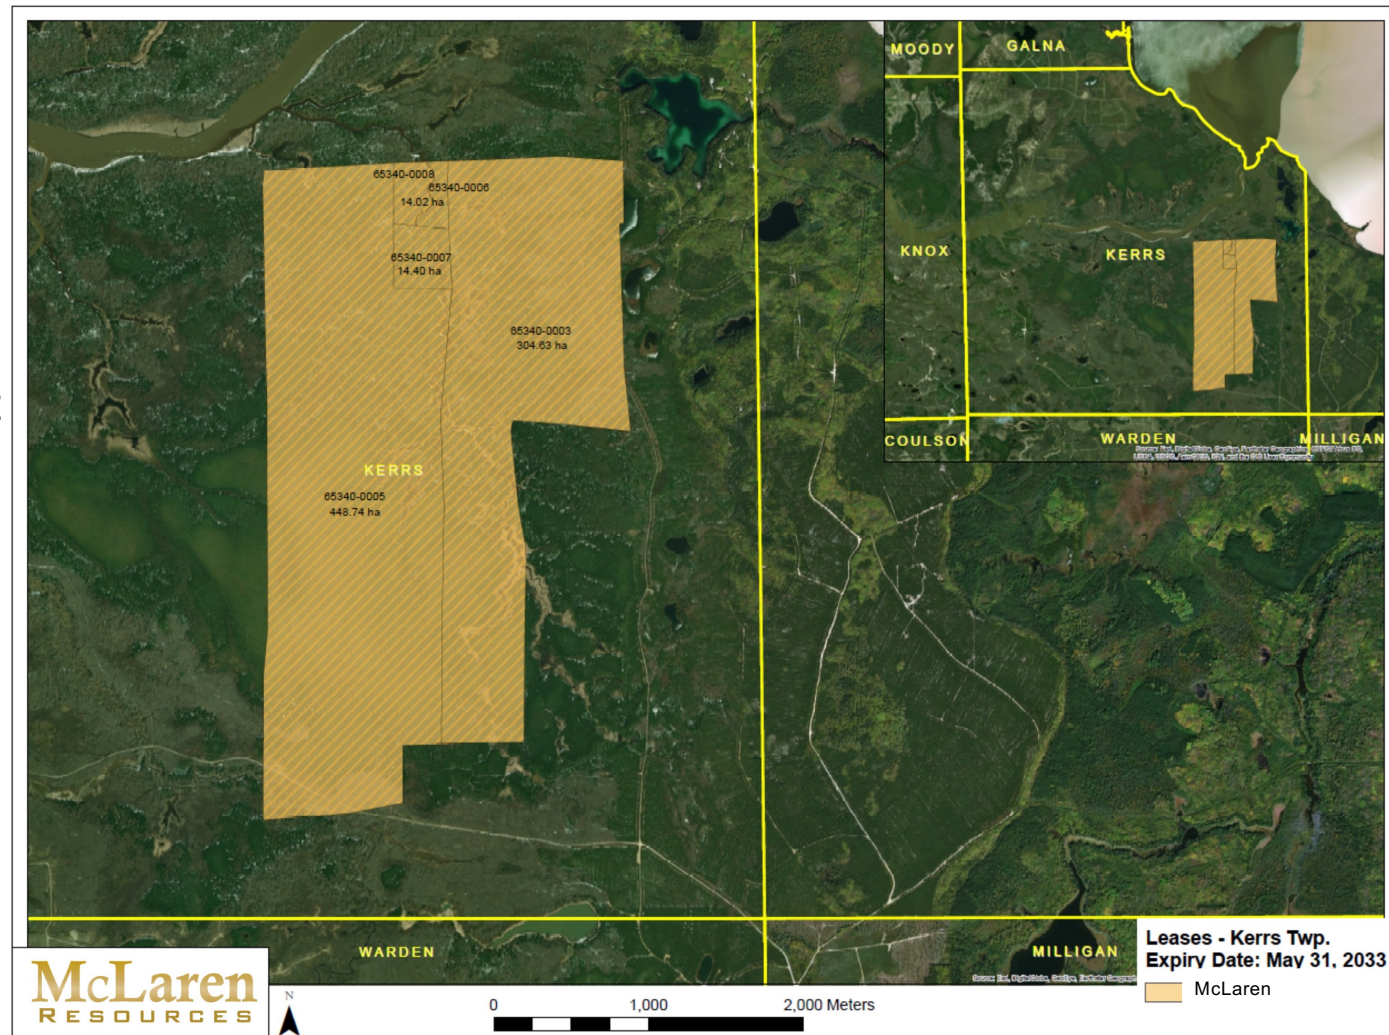

Blue Quartz - Potential for Discovery

- Drilling has expanded the gold mineralization to depth and along strike
- Potential to further expand gold mineralization
- Historical high-grade gold production

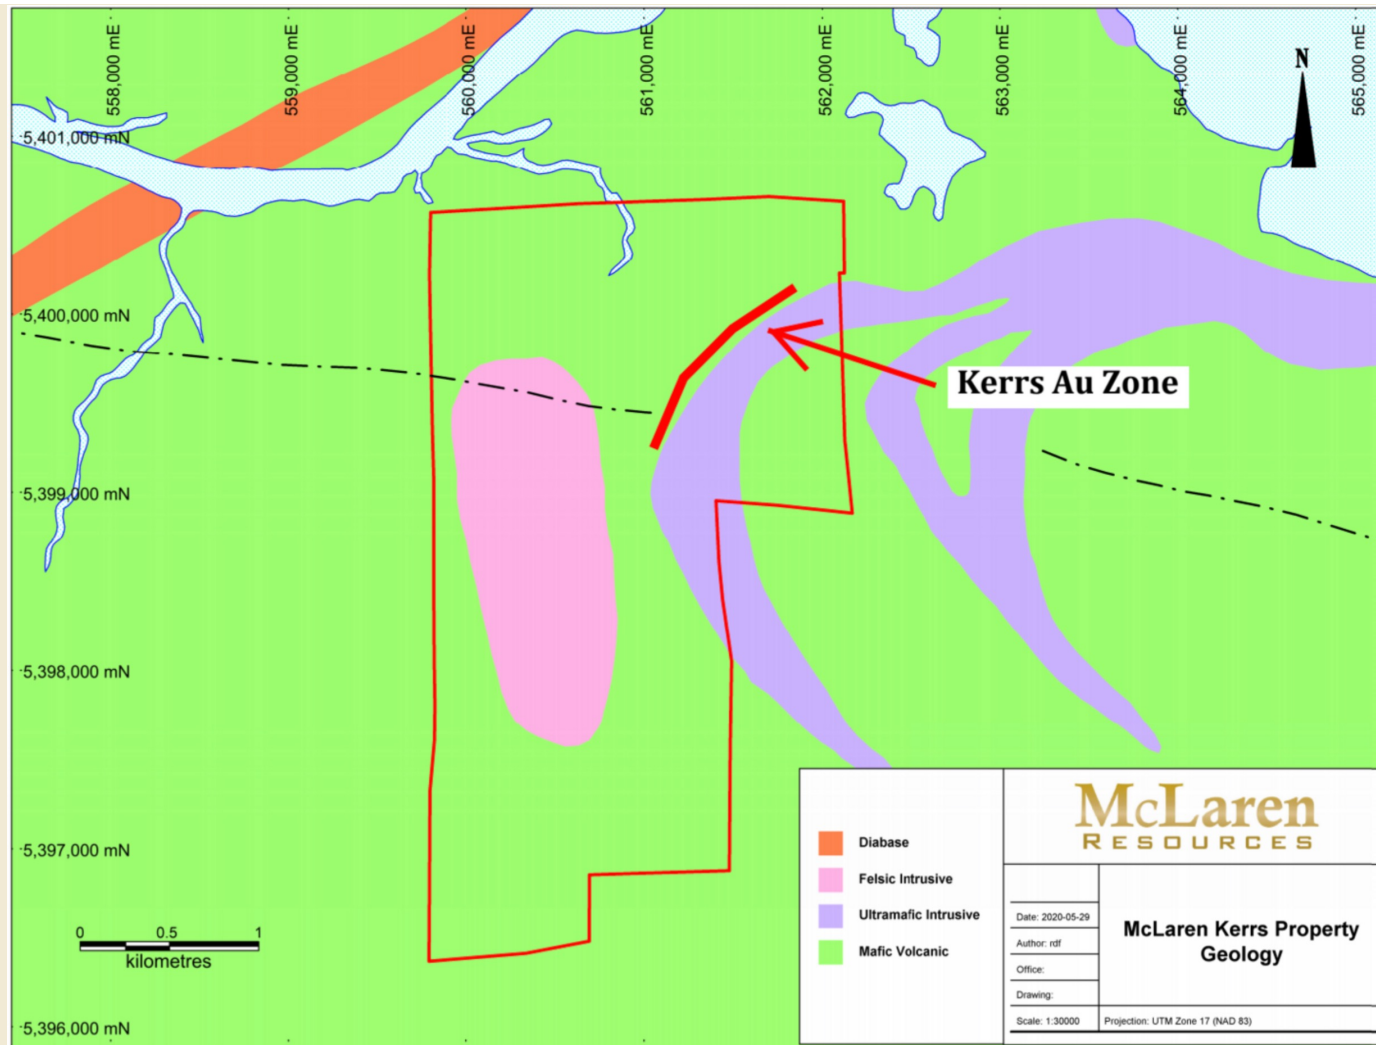

Kerrs Property

- McLaren acquired the property from Newmont
- 775-hectare Mining Lease (1,915 acres)
- 100% interest
- Known gold zones

Kerrs Property

Augdome Property – Optioned to Newmont

Newmont-owned Dome Mine
adjacent to the Augdome
property

- MCL Gold Zones are Adjacent to the 12 Million Oz Dome Mine
- Dome Mine is under planned Century Project expansion

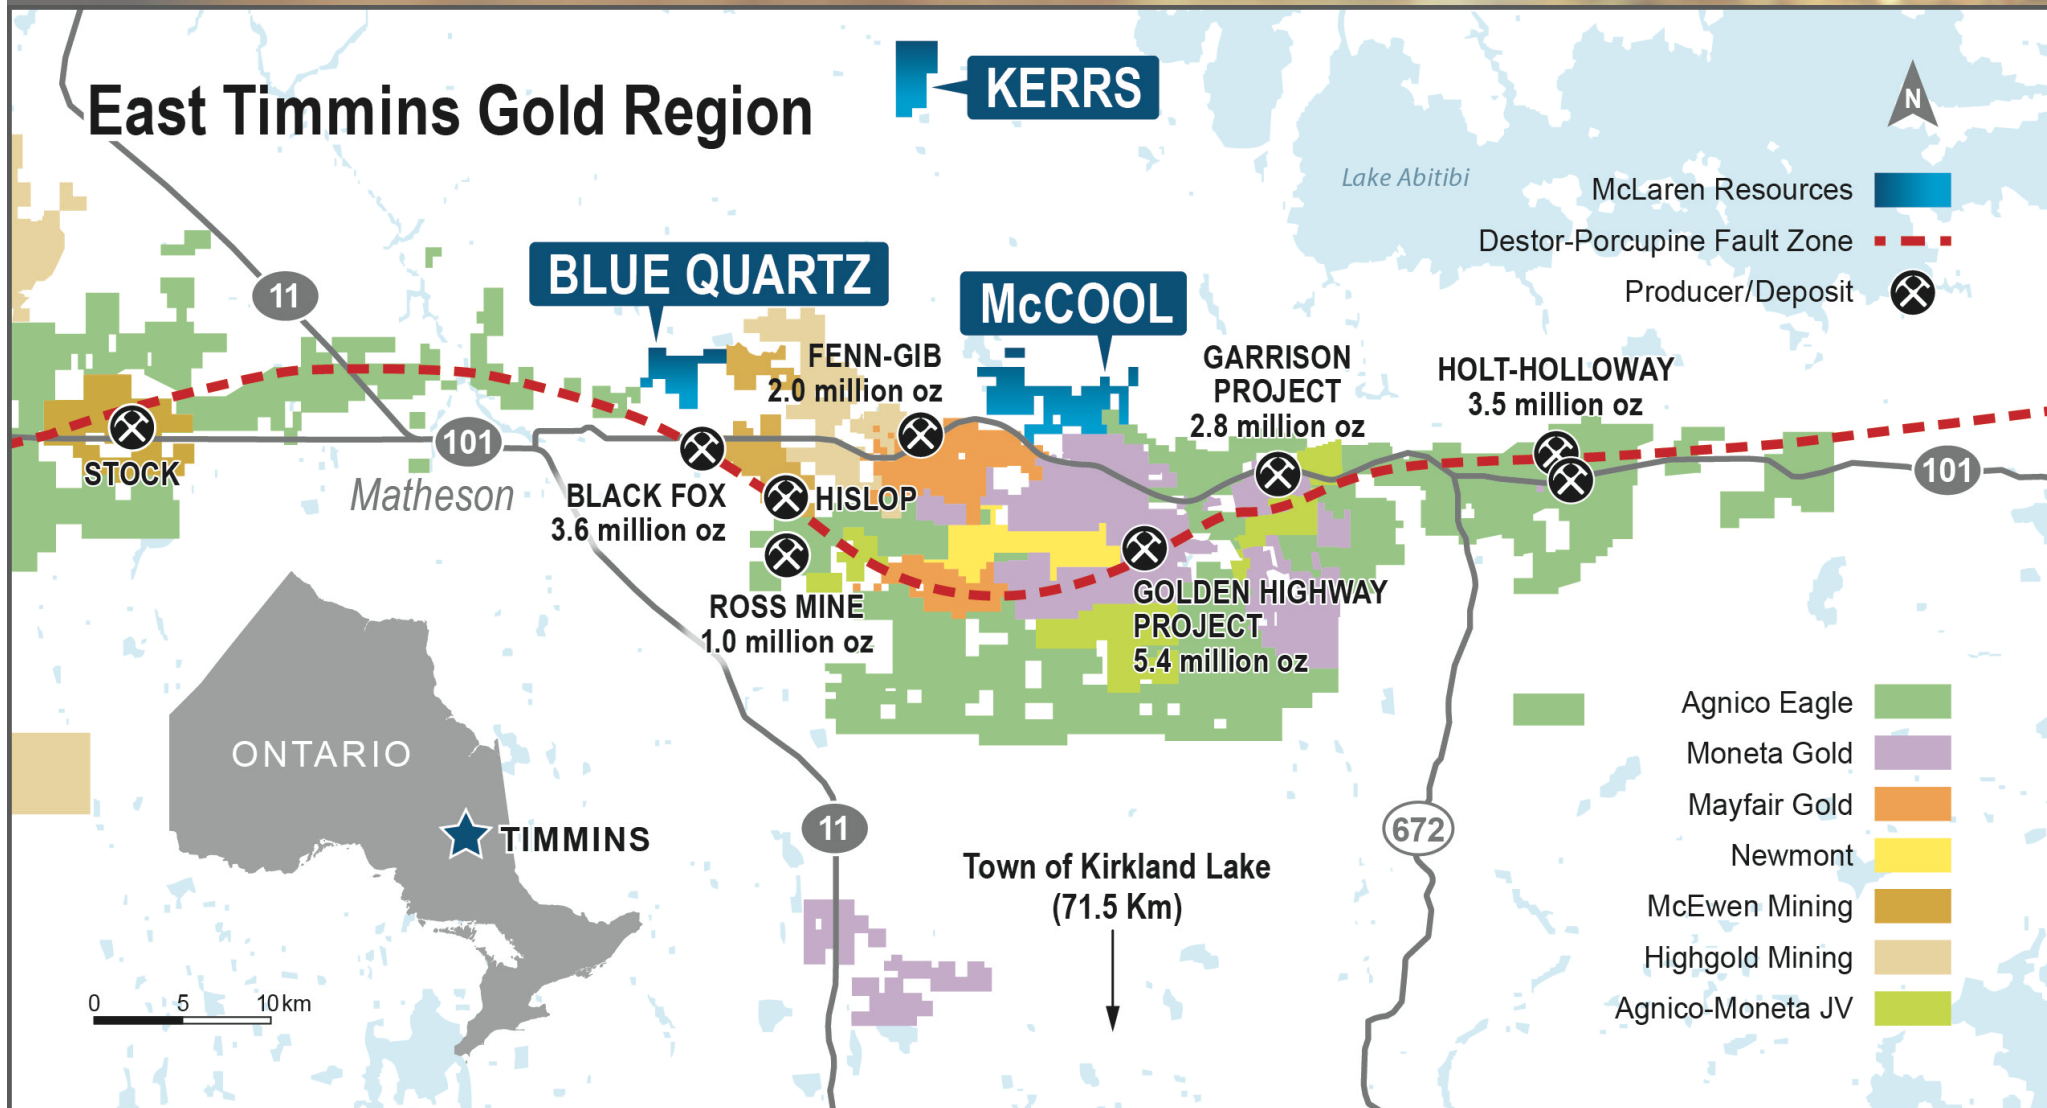

Corporate Structure

- Trades on CSE (MCL), Frankfurt (3ML) and OTC (MLRNF)
- 78,549,511 shares issued and outstanding
- Options outstanding: 3,700,000 at \$0.10-\$0.15
- Warrants outstanding: 11,015,000 at \$0.10-\$0.15
- 93,264,511 on fully diluted basis

Strategy

- McLaren management is committed to building company value by skillfully investing funds in the exploration and development of its Timmins gold projects.
- Management creates value through successful exploration by finding gold ounces at an effective cost and by exploring targets with good potential.
