'I will show wonders in the heavens above and signs on the earth below, blood and fire and clouds of smoke. 20The sun will be turned to darkness, and the moon to blood, before the coming of the great and glorious day of the Lord. 21And everyone who calls on the name of the Lord will be saved.'

– Acts 2:19-21

The purpose of this study is to show the celestial configuration for the *Triad Blood Moons* for 2018-19. In particular, the *Central Blood Moon* on July 27, 2018 is called a *Bull's Eye* eclipse because the moon passes nearly through the center of the Earth's shadow parameters. The *Central Blood Moon* occurs in the constellation of *Capricorn*. It is flanked by the other 2 *Blood Moons* that both occur in *Cancer*. What is interesting is that in the whole time span of 2018, there are no total solar eclipses. Moreover there will be precisely 4 partial solar eclipse. These are synchronized to the *Blood Moons* and symmetrical after the 1st *Blood Moon* of the *Triad* that starts on January 31, 2018 and the last one just before the end of the 3rd *Blood Moon* on January 20, 2019. The *Central Blood Moon* of July 27, 2018 is flanked by 2 partial solar eclipses, one before and one after less than a month from the 'Bully's Eye' *Blood Moon*.

What is unique about the *Blood Moons* of the *Triad* eclipse is that all 3 fall on a Jewish Minor Feast day. The *Triad* begins and ends to the 'bookmark' *Jewish Feast of the New Years of Trees. Moon. The Triad is also bookmarked by the Bull's Eye Blood Moon* that occurs on June 15, 2011. The 70th-year anniversary 'Bull's Eye' *Blood Moon* occurs on Tu B'Av, the equivalent of *Valentine's Day*. Is this timeframe signaling a possible 'end' and 'beginning' of some prophetic events? Many that are observing the unique middle *Blood Moon* eclipse of the *Triad* realize that it is the 'center' eclipse of 3 *Blood Moon* eclipses in 2018-19. However, this *Triad* is the next major celestial configuration aside from the 2014-15 *Tetrad* that concluded in September 28, 2015. The other major celestial *Sign* was the Revelation 12 Virgo Sign that occurred in September of 2017, which oddly enough is 188 days from the Revelation 12 Sign to the 'Bull's Eye' *Blood Moon*. What is also unique about the year 2018 Biblically is that this year will see the convergence to 2 of the most significant prophetic dates in modern history.

The first is May 14, 2018 when the nation of Israel celebrates being 're-birtherd', like a tree. The other date is June 7, 2018 anniversary when Israel recaptured Old Jerusalem and the *Temple Mount* in 1967 during the *6-Day War*. Could this *Triad* lunar pattern of *Blood Moons* suggest a countdown or prequel to some prophetic event? These suppositions presume some amazing prophetic events yet to occur but that perhaps they- are at the door. One such prophetic event would require the end of the *Church Age*. The other prophetic event would thus follow that the Rapture of the *Bride of Christ* would ensue. This 'evacuation' would begin the prophetic spotlight on Israel with the advent of the AntiChrist that makes a 'Covenant' with the 'Many', etc. Then there is the supposition that in order to have the *Sacrificial Ordinances*, in place, they must necessitate a Temple. Perhaps this *Center Blood Moon Triad* in some way will signal the coming 3rd Temple that many believe is to be built. Why the 3rd Temple?

One would presume such a structure because the *Ark of the Covenant* could very well be revealed at such a time and would need to be set in the *Holy of Holies*, etc. As one can assess, the very last days of the *Last Days* is upon the world. As to the *Triad Blood Moons*, this study presents a timeline featuring the Feasts of YHVH that are in approximate *phi ratio* from beginning of Passover to the start of Sukkot. In 2018, the 70th and 50th anniversary are also corresponding to the *phi ratio* delineation centered on Pentecost. The following are various observations in regards to the 2018-19 Triad and specifically the 'Bull's Eye' *Central Blood Moon* on July 27, 2018, over Jerusalem.

The 70-Year Fig Tree Blood Moon

What is significant about the year 2018 is that it will see the limit of the *Fig Tree* prophecy either come to fruition or not. This theory is predicated on the notion that the 'birth' of Israel in 1948 was and is indeed the prophetic fulfillment of Israel coming back to life as the *Fig Tree*. If this were the case, then a generation of 70 years would mark 2018 as the completion of such a countdown if 70 years were to define the 'Last Generation'. What the first and last *Blood Moon* of the Triad have in common with Israel is striking as the day falls on the Jewish fest of Tu BiShvat. According to research, Tu BiShvat (ט"ו בשבט) is a Jewish holiday occurring on the 15th day of the Hebrew month of Shevat. It is also called 'Rosh HaShanah La'llanot 'New Year of the Trees.'

In 2018, Tu BiShvat begins at sunset on January 30 and ends at nightfall on January 31. In 2019, the same Feast occurs on January 20. As noted, this 'beginning' of new life event happens to coincide with the 1st and 3rd of the *Triad Blood Moons* for 2018-19. BiShvat falls on the 15th day of the Hebrew month of Shevat and begins the 3-month series of mid-month *Full Moons* that culminate in Passover. The day is celebrated as an ecological awareness day, and trees are planted in celebration akin to *Arbor Day* in the West. It is reported that over a million Israelis take part in the Jewish commemoration of Tu BiShvat tree-planting activities. However, the discussion of when the New Year occurs was and is a source of continued debate. Moreover, there are 4 'New Year' dates in Jewish cannon.

1 – *The 1st of Nisan: New Year for new for Kings and Festivals*

2 – *The 1st of Elul: New Year for animal tithes*

3 – *The 1st of Tishrei: New Year for sabbatical years and jubilees, for planting and sowing*

4 – *The 1st of Shevat: New Year of Trees for renewal and redemption*

What is also interesting is that based on the concept of Tu BiShvat of marking the revival of life, which the parable of the *Fig Tree* given by Jesus teaches. Many of Israel's major institutions have chosen this day for their inauguration. For example, the cornerstone laying of the Hebrew University of Jerusalem and the *Knesset* took place on Tu BiShvat. It is rather striking that in the 70th year since 1948, the 'Fig Tree' prophecy that Jesus alluded to has matured, in 2018. This numerical coefficient echoes the past prophetic events of Israel's history when YHVH dealt with the Jews directly. Most notably is the 70 years of *Babylonian Captivity*. The Prophet Daniel, it appears actually got to experience the fulfilment of this time allotted of probation for the Jews. Daniel at the end of his life interceded on his People's behalf and sensed a 'revival' and new life coming for Israel as YHVH was about to return the Exiles back into the Promised Land.

History suggests that Daniel did not make it back to Jerusalem but died just shortly before the *Royal Edict of Cyrus* was made. There is a *Tomb of Daniel* in Susa, Iran where it is believed his burial place remains. Nonetheless, Daniel knew the time for his People to return as the prophecy in Jeremiah was completed and the Temple work then subsequently followed. Will such a time mirror this past prophetic pattern of events in 2018 with an end to a similar prophetic probation of Israel that will have a 'decree' or 'confirming the Covenant? Will the end of the 70 years since Israel's re-birth see likewise the subsequent rebuilding of the Temple of YHVH in Jerusalem? The *Body of Christ* has witnessed the current 'probation' of Israel and perhaps its end also. This is one powerful argument why the subsequent time has to end for the *Church Age* in its probation. The *Church Age* will necessitate the ending of Israel's 'prophetic probation' and release the last 'Week of Years' per Daniel.

The Culmination of Probations

This study strongly suggests that the *Church Age* cannot, must not and will not 'spill over' into Daniel's last *Week of Years*. There is no 'double-jeopardy' for those of the *Church Age* and for the *Bride of the King* to not have to endure further 'tribulation'. Does the coming *Triad Blood Moons* signify the culmination of both the end of the *Church Age* and the beginning of Israel's. In what way? In terms of the *Church Age*, as a 'Spiritual Temple', all incorporated and build-up of the individual 'stones' will have been completed. Moreover, she is promised an 'open door of escape' that is tantamount to when the 'Hour of Trial' that YHVH will be visiting upon the Christ-rejecting world and Israel during the *Tribulation Period*. What is also very exciting about the year 2018 is that the other 70-year coefficient is encoded in the very timeline as years and may be related to the Temple of YHVH.

This prophecy that is yet to be fulfilled might also very well appear to echo the type of AntiChrist that shall come and from where as the 2nd Temple was destroyed by the then 'Prince that shall come', Titus in 70 AD. If one adds 1948 years, the year value equates to from when Israel was re-born in 1948. This year is 2018, which happens to be the 70th year anniversary. Lastly, the other numerical calculations has to do with how the Jewish years are counted. If one uses the Biblical count from Passover of the *Religious Year* instead of the Rabbinical *Civil Year* of the Feast of Tabernacles, it would mean that the year 2018, at least the first 3rd will still be technically 5777. It has been noted in how the numerical significance of a 5-777 alludes to the conclusion of the *Age of Grace* and perhaps when the *Church Age* is to be completed. This supposition would of course be predicated on the notion that the *Great Commission* is to conclude perhaps sometime in 2018 and the Rapture of the *Bride of Christ* will be occurring because of it, the *Gentile Witness*, like that of Ruth, etc.

The various studies over the years, especially since 2010 dealing with the 2 *Central Blood Moons* that happen to be nearly 7 years apart and over Jerusalem have suggested that as the 'Spiritual Temple', that is the *Body of Christ* perhaps has reached its completion. This would mean that thereafter, the 'Physical Temple', that is the 3rd Temple would be rebuilt, as the 70th *Week of Years* would be initiated, etc. Like Daniel, many *End Times* researchers have personally witnessed the end of the various prophetic nuances, at least related to the Sun, Moon and the Stars. In the case of the *Bull's Eye* pair of *Blood Moons*, it has been a 7-year journey. To witness the fulfillment to this segment of significant prophetic time that appears to be synchronizing is amazing, a privilege and an honor bestowed by the LORD, whose aim of prophecy is to testify of Jesus as Revelation 19:10 declares.

What is also unique about the 'Bull's Eye' *Central Blood Moon* of July 27, 2018 is that it occurs in the constellation of *Capricorn* near the throat area. As many celestial researchers attest to, a *Blood Moon* is a bad omen for Israel. If this is the case, then this coming time of the *Triad* period of time could see the omen of the coming and profound 'slaughter' that is to occur during the *Time of Jacob's Trouble*. However, that specific time is interpreted by many to be what constitutes the 2nd half of the *Tribulation Period*. This time will see a worsening outcome for the nation of Israel than the Nazi Holocaust. Could this time thus correlate to the time the AntiChrist that may very well be on the scene at that time to issue an edict to have the Temple sacrifices halted? It will be from that time that his Luciferian 'Reign of Terror' begins the wholesale slaughter of the Jews and Christians that come to commitment to Jesus after the Rapture. What is astonishing is that there is also a correlation to the constellation of *Capricorn* concerning celestial eclipses.

A Rendezvous

The eclipse at *Capricorn* had a similar occurrence the day after the visitation and presentation of the *Magi*. Based on other studies in celestial time markers, it has been determined that the date of the *Magi* visitation and presentation to Jesus occurred some 15 months after the birth of Jesus, on December 25, -1 BC. What is also astronomically significant is that a solar eclipse occurred the next day on December 26, -1 BC in the constellation of *Capricorn*, right in the same area where the *Central Blood Moon* occurs on July 27, 2018. It is as if to foreshadow the primary purpose of the mission of Jesus; to be slaughtered as the *Scapegoat*, etc. It also perhaps gave an astronomical confirmation and conclusion to the *Magi* journey and the purpose of their work well done. Such had given their time as an investment well spent as they too realized the significance of the Messiah's birth.

Will such a reward be also bestowed on those modern-day *Magi* that likewise only seek to glorify Christ per the timing of His prophetic clock pieces encoded in the Sun, Moon and the Stars? The issue for all of Humanity concerning Jesus Christ is all about a 'rendezvous'. Prophetically, Jesus had a destiny, a rendezvous with Humanity come in the flesh of Humanity. So too did the *Magi*, those wise men who sought to study the meaning of the message and 'Silent Witness' of the Stars. The *Magi* had a rendezvous with the *King of Glory* at a particular place and time. They were not let down nor disappointed. The purpose of the 'new life' or 'beginning' as celestially bookmarked by the *Triad* of 2018-19 Jewish Feast of *New Year's* suggest that in these *Last Days*, Israel will also ultimately have a prophetic rendezvous with Jesus. For this is the aim and purpose of YHVH having reserved the last *Week of Years* or the '70th Week' of Daniel. However, there has to be a 'gap' of time that could be in years that would necessitate the coming of the AntiChrist once the Rapture occurs.

Is it no coincidence that such a time is synchronized to the 70th year anniversary of Israel's birth, tied to 70 AD and the return to the *Promised Land* from the 70-year 2nd *Diaspora*? This study is not insinuating that 2018 will be the start of Daniel's 70th *Week*, however the *Celestial Signs* and related geo-political events are mounting. The LORD Creator YHVH will not and never will disappoint those that seek Him, but one must seek Him with a pure heart and clean hands. These are the requirements if one is to be lifted up as Moses, Ezekiel, Isaiah, Jeremiah, Daniel, Paul and John to the *Heavenly Mt. Zion* and be shown the plans and purpose of YHVH. Eventually, every human being on Earth will have a similar rendezvous with Jesus also, at a particular time and place just like the *Magi*. It may be as the *Magi* where they bowed the knee and presented precious gifts of honor and worship to Jesus. To others, the meeting with Jesus will be to forcefully be made to kneel and confess that Jesus is LORD to the glory of the Father.
