

Starling Elementary

SUMMER BOOK CLUB

Starling Elementary has created a Summer Book Club to help students and parents explore exciting new stories that meet the child's reading level. These books were chosen by Starling teachers and range from beginning of the year through the end of the reading levels. This variety will allow for students to read some books independently, but we would like to encourage parents to also read these books with their children.

The best way for a child to maintain their current reading level is to read, read, read! On registration day teachers will ask students if they participated in the Summer Book Club. The grade level that reads the most this summer will earn not only bragging rights, but also a special surprise!

The Gwinnett County Public Library has a FREE summer reading program. Readers of all ages can set a goal, keep track of their reading activities, and collect great prizes. Look for special incentives and programs to keep the excitement going all summer long! Stop by any branch to pick up a registration packet with a reading record log, sticker, and bookmark or visit their website.
