

## OKLAHOMA CONSTITUTIONAL CARRY

### **What is Constitutional Carry? Bill 2597 SIGNED INTO LAW BY GOV. KEVIN STITT**

In Oklahoma, the term constitutional carry, refers to the legal carrying of a *handgun*, either openly or concealed, without a license or training requirement.

### **What does Constitutional Carry actually mean for you?**

Our mission at Shadow Guardian Tactical is training. We feel that sensible citizens that are responsible gun owners realize that gun ownership and training go hand-in-hand. Professional training is an essential component for the safety of everyone when handling any potentially lethal piece of equipment.

What people should understand is *nothing* changes in regard to the multitude of gun laws, use of force rules of engagement, safety requirements, and criminal or civil liability with the passage of constitution carry. The *only* change is the individual citizen are *personally responsible* now for seeking out this training and information without being mandated by the state through gun carry permits.

If you choose *not* to attain the necessary training on your own from a *professional* source you simply are placing yourself at serious risk of injuring yourself or others, and becoming civilly and criminally liable. Remember, ignorance of law is not a criminal defense in court.

I personally feel the same responsible gun owners and law abiding citizens that previously sought out this crucial training and information will continue to do so, and the rest will continue carrying as before, endangering themselves and others, and placing themselves in legal peril.

So, nothing really changes except the burden is now solely on you to do the right thing.

Our official view is, the entire Constitution of the United State of America should be defended as interpreted by the US Supreme Court, and all citizens eligible to possess firearms should be responsible gun owners and seek out the necessary training to prevent legal liability and unnecessary tragedy.

Shadow Guardian Tactical supports constitutional carry and will continue to offer courses covering Firearms Safety, Familiarization, Shooting Fundamentals & Accuracy, and Oklahoma Gun Carry Law Review regardless. We feel as professional trainers it's our civic duty.
