Wild Horse Mustang Club

May your troubles be less, may your blessing be more. And nothing but happiness come through your door. - Happy St. Patrick's Day

Officer Eric Meineke, with the Vidor Police department, and his wife, Dawn Meineke, lost their infant son, Gabriel Joseph, in February. I can't imagine how they are dealing with their loss....

The WHMC sent a floral wreath stand to the funeral to let them know they are in our thoughts and prayers.

The Coffee & Cars at Sertinos had another huge turn for the beginning of the year, almost 200 cars! If you were not able to attend we have started to collect "Shoes for Orphans Souls" for the Buckner's Orphanage until the beginning of May, more information for this and the charity is on the third page. Be sure to try and come join us for the next C&C on March 18th.

These are our raffle winners from last months meeting. come out and join us at our next meet to see if you will be a lucky winner!

Monthly Meeting
Neches River Wheelhouse
720 Lee Ave, Pt Neches
7pm

Our final donations were made to (from left to right) **The Arc of Greater Beaumont, The 100 Club of SETX, and Boys Haven** from our 2016 proceeds.

The Arc creates possibilities for people with intellectual and developmental disabilities to grow, learn, and live.

The Arc is people - people with intellectual and developmental disabilities (IDD), parents and other family members, and friends of people with IDD and professionals who work with them. The Arc is a grassroots organization with 140,000 members who are affiliated through approximately 1,000 state and local chapters across the nation.

The 100 Club of Southeast Texas is here to provide immediate response to the needs of the family of a fallen officer or firefighter. Their purpose is to provide not only support and understanding, but a substantial contribution to the financial needs of the surviving spouse and children.

Boys' Haven is a general residential operation that serves boys ages 5 to 17 and provides a port for stormy times in boy's lives. Many of these boys come from single parent homes and are in need of a more structured environment. Several of them are there long term and plan to stay with them until they graduate high school, or well into college as they offer residents to reside at the facility up until the age of 22.

For the year of 2017 we have a new main charity, **Buckner's Orphanage** was voted for at our last meeting in February. Buckner International transforms the lives of vulnerable children, enriches the lives of senior adults, and builds strong families through Christ-centered values.

NEW SHOES COLLECTION

Join us in giving hope to children in Southeast Texas and throughout the world by collecting shoes during the KLBT 88.1 Community Shoe Drive from April 10 - May 11.

Join the Wild Horse Mustang Club in this community-wide effort to help put new shoes on the souls of orphaned and vulnerable children served by Buckner!

A pair of shoes is no ordinary gift. New shoes bring education, health, and hope to orphans and vulnerable children around the world. Buckner Shoes for Orphan Souls serves hundreds of thousands of at-risk children each year by providing them with new shoes and socks. Each year, the KLBT 88.1 Community Shoe Drive brings hope to more than 2,000 hurting children in Southeast Texas and around the world. Our Southeast Texas community has generously impacted the lives of children living in desperate situations. Thank you for helping us make a difference in our community and around the world.

 **BUCKNER SHOES**
FOR ORPHAN SOULS
Hope shines here.

- TROPHIES FOR ALL CLASSES
- CLASSES FOR ALL SPORTS CARS, SEDANS, & TRUCKS
- EVERYONE ENTERING MUST SIGN WAIVER

WHAT'S AN AUTOCROSS?

It's a safe, legal, and inexpensive way for the automotive enthusiast to get involved in motorsports. It works like this: A small "road race" type course is set up in a large parking lot using rubber cones to define the course path. Each driver drives through the course alone, one lap at a time, with each lap timed electronically. At the end of the competition, the driver's single best lap time is compared to the other drivers' best times in his/her class to determine the class winner.

Even though the object of an autocross is to get through the course as fast as possible, it is NOT a high speed affair. It is designed to be a test of car handling and driver skill, rather than who's car has the highest top speed or most power. Typical average speeds are around 30 MPH with lap times running around 60 seconds. And since you are on the course alone, there is no risk of collision. Autocross offers you the EXCITEMENT of racing without the DANGER.

There are five levels of car preparation, including the Street Category for lightly modified street legal sports cars, sedans, and pickups. This category is very popular because you can use your everyday street car as your "race car" (most drivers at any typical autocross are competing in their everyday car). Each category is further divided into several classes, so just about any car is competitive in its class. And a lot of advance preparation is not necessary. Just come to the event, register, and start racing!

If autocross sounds like fun, let me assure you that it is. Come out and give it a try!
