

PRESIDENT'S MESSAGE

Dear GaSCarians,

Yesterday, I received a note that Linda Adams' knee surgery went very well. We hope she has a speedy recovery with no complications. Our July meeting was interesting to all who attended, with our guest speaker, Ike Carpenter. It was amazing to see all the objects he had carved from different woods.

I was very disappointed when Yesterday's Café closed. I was looking forward to our scheduled dinner there. We had heard so many good things about them. Maybe we can get a new dinner scheduled soon.

The Cruise-in at SnoCap enjoyed nice weather and lots of nice cars were there, along with a good turnout of our club members. Our part of the 50/50 was \$83. Good job to all who helped sell tickets and worked with the prizes.

Tony Canell, President of the CSRA Road Angels, and I, talked at the Edgefield Cruise-in. He invited all those who would like to attend their monthly cruise-in to come and enjoy the time with them. Check upcoming events for schedule.

C&C Automotive, at the Telfair location, is hosting a swap meet and cruise-in/car show on September 21 for those who might want to attend.

At this month's meeting, our guest will be Clay Wiggins, from Interstate Batteries. There have been a lot of changes in battery technology in the last few years. I know you will enjoy hearing his presentation.

September will be the time for our Salad Supper, so ladies, start planning your menu, and bring your award-winning salads. We look forward to seeing everyone there.

Getting ready for our Fall Tour? Our plans are to travel to Maggie Valley, North Carolina, leaving Friday, October 18, and returning on

Sunday, October 20. If you need a "to do" checklist for your classic, call Gerald for a full list. Bring your CB radio and cellphone! Carol Taylor will have more details coming soon about hotels and restaurants.

I received a call from Aaron Clements about a movie producer in Augusta needing a car to do a scene. The car that was scheduled did not show up, so I took the 68 Pontiac convertible to the set. Watching them film the scene in an old garage behind C&C Automotive was very interesting. Gloria Stella, the producer, was very nice, and the crew treated me well. I enjoyed the time with them. It was interesting to see how scenes are done on the movie set. The name of the movie is, "Tulsa". Also starring in the film is John Schneider, from the Dukes of Hazzard. Gloria Stella also produced the movie, "Black Bear", released back in the summer. *John Moore*

"The virtue of gratitude leads to a healthy emotional life."
