

Favorite Nursery Finds

Leuty Nursery

155655 Chillicothe Rd, Novelty, OH 44072 PH: 440-338-8020

Leuty's is run by a father and son team, along with an assistant. By far, this is *the best* in the area for sourcing hard to find Japanese Maples, unusual and slow growing conifers as well as dwarf evergreens. You'll also find a wide variety of shrubs including many varieties of Hydrangea. The prices are reasonable for the exceptional quality of plants sold here.

Cahoon Nursery and Garden Center

27630 Detroit Rd, Cleveland, OH 44145 PH: 440-871-3761

Cahoon's has a little of everything. Here you will find a nice selection of perennials, shrubs, conifers, grasses, and alpine plants. They also have a large collection of hostas ranging from tiny dwarf to large leaf varieties. On occasion unusual plants can be found.

Highland Garden Center

5860 Wilson Mills Rd, Cleveland, OH 44143 PH: 440-605-2222

It's hard to say what you will find here, since the owner frequents Trade Shows, purchasing display items to bring back and sell to the public. Starting in June, rare, unusual, mature plants will be trucked in. The prices are phenomenal! Be aware, though, of large containers. Some are B&B, placed in pots for easy display and transport. Plastic string wrapped around the ball and secured to the base of the trunk may not be apparent at first glance, but needs to be removed when planting if it exists. If you are a plant collector this is the place to consider hunting! Plants do spend an unusual amount of time indoors at Trade Shows and during transport which can stress trees and shrubs, but is definitely worth a look.

Mulberry Creek Herb Farm

3312 Bogart Rd, Huron, OH 44839 PH: 419-433-6126

We have never visited this Garden Center. However, they do frequent local events such as the Holden Arboretum and Cleveland Botanical Garden for special events. Don't let their name fool you. They sell a wide range of dwarf plants, great for a small garden or front of the border. Highly recommended!

The Rock Pile

900 Nagel Rd, Avon, OH 44011 PH: 440-937-5100

Here you will find a wide range of hardscape. They will sell by the pallet or individually, dependent on customer preference. They have the best prices around and will deliver and place large boulders, providing there is 8ft clearance for heavy equipment. On occasion they will have unusual plants, but we frequent this favorite for the boulders and their exceptional customer service. They also specialize in birding.
