**Eco-Healthy
Child Care®**

Hi! I'm Rose and would like to introduce myself. I have been doing licensed day care for the past 21 years. I started out as a family day care provider, where you are by yourself. After 3 years by myself, I decided to become a group day care provider because I was getting so many calls for openings.

A group provider can have up to 12 children with only 4 being under the age of 2. An additional 4 school age children can be added to the 12. A group provider also has to have a full time assistant. Carrie Gaston has been my assistant for the past 9 years. I also have another assistant, Linda Harrison, and a substitute, Marsha Haynes. We are all very experienced in caring for and teaching children.

I have my Early Childhood Education Degree. Carrie has an A.A.S. Linda recently renewed her CDA which is comparable to a 2 year early childhood education degree. Marsha has been working with children for many many years. Although I only need one assistant working with me, I have Linda and Marsha as extra hands and back up so I can always be dependable for parents. I never close unexpectedly, unless there was some kind of emergency.

During the day, we run a preschool program from September thru May. Summers are for swimming and lots of outside time. We also do stories and songs with the toddlers with little activities and always reading and singing to the infants. Infants are also worked with learning games to help them develop. We serve child friendly meals and do our best to make all the children happy and successful!

Please review all my information. If you have any questions, please feel free to contact me anytime (even after hours!) at 343-4430 (cell) ~ also texting! Or, you are welcome to stop by anytime except between 2 – 4 pm when the children nap.
