8:30AM — 4:30PM Mountain Time

FHA Appraising for Valuation Professionals:

FHA Single Family Housing Appraisal Requirements

Instructed by Craig Steinley, SRA, AI-RRS

FRIDAY October 14, 2016

An FHA Seminar

With a USDA/RD Twist

This is an Appraisal Institute Seminar — but with an emphasis on South Dakota Issues

The focus of this seminar will be living with the 4000.1 Handbook now that appraisers have been using it in the field. The Appraisal Institute materials will be supplemented with information about FHA-HUD and Rural Development issues found in South Dakota appraisals. Prentice Weaver, USDA Rural Development Appraiser Specialist from Sioux Falls, will be providing some of the supplemental materials for the seminar.

Did you attend one of the early FHA update programs in 2015 that was based on drafts of the proposed changes to the 4000.1 Handbook? Are you one of the many appraisers who attended an FHA seminar in 2015, but still have questions about the latest FHA requirements now that you have been using the 4000.1?

Join us in Spearfish on Friday, October 14, 2016

Click on the October 14 class under EDUCATION for complete information and to register for the class.

Approved for 7-Hours CE Credit in South Dakota and all surrounding states
