

IT'S ABOUT THE COFFEE.

Sweety Pies has now partnered with Metropolis Coffee Company to offer even more local variety for coffee drinks!

We will be carrying from **Metropolis**:

- **Sweety Pies Dark Roast** – our own unique dark roast
- **Red Line Decaf Espresso** – for the decaf lovers out there

We will still carry **Intelligentsia's El Gallo Breakfast Blend** and **Classic Black Cat Espresso!**

Why did we decide to go with both of these companies to supply our coffee?

- 1) They are locally owned and operated in Chicago
- 2) They care about their product
- 3) They care about the farmer who produces the product; they believe in Direct Trade!
- 4) They both create incredible blends of coffee sourcing their products around the globe

Skokie has been asking for a coffee shop and we've been here for 9 years waiting to serve you with the most delicious, local, direct trade offerings available!!! Stop by today for a coffee, latte, cappuccino, Americano, café ole, or macchiato! We can make iced coffees also!!
