

# In Faith We Say Christ Has Died

William Flanders

1. In faith we say Christ has died, who, mor - tal, did breathe his last.  
2. In faith we say Christ is risen. Christ's Spir - it and God are one.  
3. In faith we say Christ will come, for faith knows that Christ is here.

And though he was killed while cru - ci - fied, his death had our common cast.  
A - lone to the heart this truth is given, whose tell - ing is nev - er done.  
The love that we draw our lov - ing from a - bides with us ev - er near.

He died with his work un - done, with few of his words be - lieved,  
Christ risen out of death's de - cay, Christ's Spir - it ex - al - ted, free  
And lov - ing is now and ours, but Christ's is the world to come.

with so man - y ties he'd just be - gun, and scarce - ly a goal a - chieved.  
to guide us throughout our mor - tal way in - to God's e - ter - ni - ty.  
When life has been won by lov - ing powers, Christ's Spir - it will be our home.
