[www.trcac.org](http://www.trcac.org)

**The Resource Connection**

# The Resource Connection

The Resource Connection is a non-profit organization governed by a community-based board of directors. Since 1980 the organization has been committed to serving Amador and Calaveras counties by responding to the needs identified in the community. We have evolved to include three service areas; Children & Families, Nutrition, and Prevention & Intervention. We offer these programs and services to thousands of residents throughout Amador and Calaveras counties.

*This Resource Connection Resource Directory was developed with the use of State funds received from the California Department of Education, Early Education and Support Division, however, the contents do not necessarily reflect the position or policy of the California Department of Education.*

*Updated by the Resource Connection, 2015*

## **Referrals to Licensed Child Care**

The Resource Connection provides free referrals to licensed child care homes and centers in Amador and Calaveras Counties. We provide information on child care options to help you make the best choices when selecting child care for your children; however, we do not make recommendations.

## **Need help paying for child care?**

We offer several programs that provide assistance to help income-eligible parents pay for child care. Families may qualify if they are income eligible, have a qualifying family need and meet program requirements. We administer a California Alternative Payment Program, Cal Works Child Care, and a California Family Child Care Program (Amador only). The CEL is an online list of families waiting for child care assistance in Amador and Calaveras Counties. We use this list when we enroll families in our subsidy programs and we encourage other state funded child care programs in either county to use the list when they have openings for no or low cost child care.

Website: [www.trcac.org](http://www.trcac.org)

## **Provider Services**

The Resource Connection offers training and support services for new and existing child care providers operating or working in family child care homes or child care centers. Most of our workshops are free and our trained staff is available by phone, at our office by appointment or on-site through one of the services listed below.

## **Community Resources, Education and Information**

The Resource Connection has been a leader in providing advocacy and information on issues affecting families, child development, and child care for more than 25 years. We promote community awareness, share information on child care supply and demand, and participate in collaborations and community events related to children and families.

# **The Resource Connection**

## **Amador Resource Directory 2015**

We hope this directory will help you get the services you may need. If you need assistance please call 223-1624 or visit our website at [www.trcac.org](http://www.trcac.org).
