## 8<sup>th</sup> Grade CBI

The Small Business Project has really taken off this year! In addition to our partnership with Max, we added another partnership with Iron Horse Werks. They have given us permission to print shirts with the Dune Cycle logo on them. They even placed an order for 60 shirts! To keep up with the demand, we had to meet after school to print shirts. The students are really learning a lot.

## 7<sup>th</sup> Grade CBI

7<sup>th</sup> Grade period 9 has been hard at work putting the Trail Horse Project together. Each day that they work on it they also take pictures. The goal is to document the entire build and then put a short video together to show everyone how they did it.

The 7<sup>th</sup> Grade 10th period class has been hard at work on the Trike Build. We decided to try something new this year. We are filming the build in its entirety and then plan to make a time-laps video to show the build from start to finish. The parts for the trike have been coming in for the last week so once the frame comes back from the powdercoaters the trike will be ready to put back together. We also found a man with original decals that we had duplicated. When the trike is complete, it should look like brand new!

## Contact Mr. Davis

There are a couple of ways to contact Mr. Davis.
