RELEASE, HOLD HARMLESS, and INDEMNIFICATION

Diver's Full Name (print): _____ (“Diver”)

DIVER ~

Any reference to “Diver” includes a list that contains but is not limited to: any family, friends, neighbors, classmates, teachers, school officials, coaches, administrators, CDA (et Al.) and/or any other person(s) with whom Diver comes into contact.

CLUB ~

CAL Diving Club aka the California Diving Academy along with its officers, directors, shareholders, coaches, administrative team, employees, agents, contractors, facilities, service providers, etc. (collectively, “CDA”) will use all reasonable efforts to keep Diver safe while at practices, meets, and any other officially club-organized event, function, and/or activity sponsored by CDA.

PURPOSE ~

This document has been created in response to the potential liability to CDA from the direct or underlying threat of significant bodily injury or death through exposure and/or contracting any: SARS-CoV-2, 2019-nCoV, COVID-19, Coronavirus, Novel Coronavirus, (et Al.), hereinafter “Covid19.” In addition, this release shall include, but not be limited to or exclusively restricted to any of the following; any transmissible form of known or unknown: Virus(es), Bacteria(ium), Organism(s), and/or micro-organism(s) ~ (et Al.).

BACKGROUND ~

As has been well-documented from discovery in 2019, there have been and currently are no reliable tests, or vaccines for Covid19 (et Al.). Even in the case(s) where a vaccine exists there may remain issues of significant health risk and/or death. There are potentially significant risks of exposure, contracting, and/or spreading Covid19 in any group setting. In fact, it is medically accepted that there is a period of time before any symptoms are recognizable (pre-symptomatic) where the carrier does not, show, or test positive and may not know they are infected. Even during this pre-symptomatic period, the carrier is apparently highly contagious.

ATTESTATIONS ~

- 1) Parent and/or Legal Guardian (collectively "Parent") desire for my/our Diver to be trained, coached, and supervised by CDA, even while Covid19 is actively affecting portions of the population. On behalf of our minor Diver I/we accept, understand, and voluntarily assume all risks known or unknown involved with such activity, and shall without limitation release, defend, and hold harmless without limitation CDA from any and all claims and nature.
- 2) Parent further understands and agrees that while attending any CDA practice or official, club-organized event or activity, regardless of the reason acknowledges and accepts on behalf of ourselves and our minor child(ren) that we are doing so freely and at our own risk. The risk that the Diver may be exposed to Covid19 or any other transmissible virus (known or unknown) is specifically assumed - including exposure that may have been caused by the actions or inactions of employees or agents of CDA. The California Diving Academy shall not be liable for any injuries, damages or illnesses arising from exposure to Covid19 or any other transmissible disease. Parent agrees not to sue CDA for any illnesses, injuries or damages related to Covid19 or any other transmissible disease, regardless of whether such exposure or transmission was caused by the negligence of CDA.
- 3) Parent, on behalf of Diver acknowledge and agree that if a Diver is displaying any symptoms of illness considered or known to be consistent with Covid19 (Fever or chills, Cough, Shortness of breath or difficulty breathing, Fatigue, Muscle or body aches, Headache, New loss of taste or smell, Sore throat, Congestion or runny nose, Nausea or vomiting, Diarrhea, etc.), then Diver shall not attend practice and should instead seek the advice of a medical professional. Then notify CDA for clearance before attempting to return to any CDA function or activity.
- 4) Parent and Diver, understand that any Diver not adhering to the new physical and social distancing protocols during any CDA function as outlined by the Center for Disease Control (CDC), County Health Officials (CHO), City, Facility, or CDA Rules or Regulations that are in place during practices, that Diver shall be immediately dismissed from practice without a refund of fees. Further and depending on the level or severity of the violation, Diver may additionally be banned from future practices until such time as the rules and regulations allow CDA to return to "normal" sessions, activities, and/or competitions. That decision shall remain in the sole opinion and discretion of CDA.

ATTESTATIONS (con't) ~

- 5) Parent and Diver recognize and accept that while Coaches will attempt to stay at least 6 feet away from Divers, there may be times where this is inadvisable, possible, or practical in the safe performance of the coach's duties for the health and safety of the Diver. In dryland coaches will check the safety belt and harness system before each diver is permitted to use it. Pulling belts/ropes is a physically demanding activity for coaches. Therefore, while pulling belts coaches may not wear masks for personal safety reasons.
- 6) If I am of majority (18+ years old) prior to the date on this document, I accept that I will still be required to obtain my Parent's signature on this document.
