

## ABOUT US

**Environment Matters** is providing a platform to hone the skills of human resources by bridging the gap between educational processes and real life in the field of environment. Promoting education, public awareness and training in Environment are some of the goals of the NGO.

**NITTTR** established in 1967 for training better quality technicians to meet large scale industrialization of the country has gone a long way to establish itself as a premier institute in the region. To achieve its objectives institute undertakes spectrum of activities like education and training, curriculum development, instructional material development, research and development, extension services consultancy in technical education and technology areas

**IWE(India)** is a voluntary body of professionals having a vision to associate itself in a global effort where all people would have access to safe drinking water and healthy environment.
