

## WHY YOU SHOULD CHOOSE MY LIL WRANGLERS

- 1) *Home feel—You will not be a number here. Our little school will offer your child the attention they deserve*
- 2) *Flexibility—Full time, Part-Time, Mothers-Day-Out. We have a program to fit your needs*
- 3) *Affordability. We don't have a million dollar building, but we have the space we need to teach preschool, and we do it well. You don't pay for bells and whistles here. You pay for an excellent preschool education for your child*
- 4) *Staff—We are small and our staff is stable. One of the biggest complaints about childcare facilities is a staff that changes often. Not the case at My Lil Wranglers!*
- 5) *Accreditation—We went through 3 years of training with the Texas School Ready Initiative. Ms. Dawn is a certified teacher with a degree in elementary education. You are in good hands!*
- 6) *We love what we do. Our work is child's play!*

## What We Do

- We offer child care infants through 1st grade
- We offer a structured curriculum for all of our age-groups (infants through pre-k)
- Our extra-curricular programs are fantastic with dance, Spanish, and PE being a favorite part of our students' days
- Our schools have enrollments of approximately 40 students, so personal attention is what we do best!

## Our story

My Lil Wranglers all started eight years ago. We love Keller ISD, but at the time they only offered half-day kindergarten. Dawn Wilson was teaching first grade at Willis Lane in Keller, but she wanted more than a half-day kinder program for her daughter. So she resigned her position, homeschooled her daughter, and as luck had it, eleven other children joined the in-home kindergarten.

So, we moved our school to 4500 Keller Hicks Road and we love it here. We still have our home feel, and we can take 49 children 6 months old—school aged. If you are looking for huge jungle gyms, splash parks, and bowling alleys, this is not your place, but if you are looking for the best pre-school/pre-k in town, My Lil Wranglers is the place for you.

## We are Texas School Ready!

Our school just completed a three year accreditation process. We are the only school in Keller that has achieved the distinction of "Texas School Ready"

We worked closely with the University of Texas and the Child-Care Institute to accumulate the very best curriculum, and our teachers have been trained how to use it. Through this process, we have obtained

- Pearson's Open The World of Learning
- The Frog-Street Press
- Infant to Pre-K Curriculum from the Early Childhood institute
- WE ARE MORE THAN DAYCARE

## Our Curriculum

When we went through the Texas School Ready Accreditation process, we acquired some of the best curriculum that money can purchase. But don't be fooled. Having the curriculum is one thing. Delivering that curriculum is another thing. At My Lil Wranglers you get a Pre-K Teacher with 20+ years of experience in the classroom and degree in Elementary Education with an emphasis in the teaching of reading. Being trained on how to use the curriculum is just as important as the curriculum itself!

Here is what we use in our
