

GAS & AIR FILTRATION AND DRYING

JONELL – Natural Gas filtration elements and coalescers

HEADLINE/UNITED FILTRATION – High performance filtration for instrument and process applications

H&H – Filtration and desiccant driers

PENN SEPARATOR – Centrifugal and mesh pad mist eliminators

AIR/TAK – Instrument gas and air driers and filters

DESICCANTS AND PARTS – Replacements specific to your drier

FILTER ELEMENTS for King Tool, Peerless, Hilliard, Perry Equipmant and others

LIQUID FILTRATION

JONELL – Filters for DEA, TEG, lube oil and other liquid applications

CUNO – Process liquid filtration

FSI – Bag filters and cartridges

KNIGHT – Bag filters

STRAINERS, INC. – Witch's hats and other pipeline strainers

CRALL – Custom filter housings

YARDNEY WATER MANAGEMENT - Sand media filters, pump suction screens

ACTIVATED CARBON replacement

CARBON CANISTERS

SAND MEDIA Replacement

PUMP SUCTION SCREENS

VALVES

TYCO VALVE – Broad line of high quality process piping valves

FLOW-TEK –Ball valves

KEYSTONE – Butterfly valves

VERSA– Solenoid valves

ASCO – Solenoid Valves

DURABLA – Check Valves

VANESSA – Severe Service Valve

INSTRUMENT AIR SYSTEMS

INSTRUMENTAIR.COM – Complete instrument air compression, drying, storage and control systems

INSTRUMENT AIR CONTAINERS – Instrument Air systems packaged in portable containers

INSTRUMENT GAS MISER

INSTRUMENTCONTAINERS –HIGH EFFICIENCY INSTRUMENT Gas drying systems designed for low purge/ low loss operation

INSTRUMENTATION

TMS – Thermocouples, RTDs, T-Wells
PERMACAL – Highly durable pressure gauges

MCDANIEL – Gauges, Thermometers

ORANGE RESEARCH – Differential pressure gauges, switches, and transmitters

CLARK/RELIANCE – Steam Control

J.C. ERNST – Process and Steam control

PENBERTHY, JERGUSON and others

LEVEL INDICATION AND CONTROL

PROMAG, LTD. - Magnetic level indicators, transmitters, and switches

CLARK/RELIANCE – Steam Control

J.C. ERNST – Process and Steam control

PENBERTHY, JERGUSON and others

OHMART VEGA – Guided Radar & Ultrasonic Level Transmitters

SEPARATORS – SILENCERS-

MIST ELIMINATORS – Penn Separator, Koch/Otto-York

EXHAUST SEPARATORS – Penn Separator

SOLUTIONS

We specialize in assisting you with your process control and filtration problems.

New System Design consultation

Root Cause Failure Analysis

Our goal is to provide excellent ideas, products, and services to help our clients maximize performance.
