

Erin Fitchett – Office Operations

Erin has been with the company since its humble beginnings in 1998. She has a strong marketing and administration background. Her duties include keeping the office operations in order so that the crew can be out there doing what they do best.

Erin says “I want to make sure the crew knows they have my support while they are on the ground everyday”

Erin works in the community to promote the forest industry. Erin is very proud to be part of the logging community and has a lot of passion to spread a positive image of logging. One of the exciting projects Erin has implemented and continues to work hard on is the Kyle Levy – Pride in Logging Bursary, an annual bursary of \$1,500 to a student entering the field of Logging or a full time Forestry or Trade program.

When Erin is not “holding down the fort”, she spends her time coaching synchronized swimming, and volunteering in the community. One of Erin’s accomplishments was leading a team to build a playground in Balfour BC. Erin was also recently awarded a Community Sport Hero Award from Sport BC. She enjoys spending her free time with family at their cabin and just generally being outside in the Kootenays.

We are lucky to have Erin as part of our logging crew.
