Futurity Stake Rules and Regulations

INTRODUCTION

The purpose of the Futurity Stake is to encourage the breeding of the best possible Portuguese Podengo Pequeno and to reward the breeders for their efforts. For this reason, the Stakes are weighed in the favor of the breeder, who is the one that chooses the sire, nominates the bitch before whelping, and often pays the entry fees for the individual puppies as well.

DESCRIPTION

The Futurity Stake shall be held the day before the Portuguese Podengo Pequenos of America National Specialty Show and Sweepstakes, when possible. Should the PPPA Specialty not be held within the time limits applying to the Futurity Rules, the Board of Directors shall decide the disposition of the monies accrued toward the Futurity Stake. The Futurity Stake is open only to breeders who are active members, in good standing, of the Portuguese Podengo Pequenos of America. The Futurity Stake is entered by nomination of the litter. The get from this litter are eligible to compete in the first annual Futurity Stake held on or after the date they reach six months of age, and only in this stake. The bitch whose litter is nominated must be owned (or leased) in whole or part by a PPPA member. Thus, if a bitch is co-owned or leased by two people, at least one must be a PPPA member. This requirement does not apply to the owners of the puppies from the nominated litter.

NOMINATION DEADLINES

The nomination of the bitch's litter must be made after she is bred, but before the whelping date. Nominations are non-transferable and may not be assigned to another bitch in the event of a non - litter. The nomination of each individual puppy must be made after it is whelped, but before it is four months old. No bitch nominations will be accepted 6months prior to the Futurity Stake for that year and be counted for that year.

FEES

"Fees" for the Litter Nomination(s) and the Puppy Nomination(s) will be determined by the PPPA Board and are non-transferable and non-refundable. Such fee(s) will be indicated on the nomination form(s). All applicable fee(s) must be submitted with the appropriate nomination form(s). (If a nominated produces no living pups, a refund of the nomination fee only will be provided. Must have a letter from a veterinarian stating there was no living pups.

PROCEDURE FOR NOMINATING LITTERS

Any active PPPA member in good standing may nominate a litter for the Futurity. The nomination must be made on an official Futurity entry form which can be found on the PPPA website or by writing to the Futurity Chairman. Said litter nomination must be made prior to the whelping of the litter. The determination date for timely nominations shall be the postmark on the envelope (if mailed in) or by date of online submission form, which must be dated no later than midnight the day prior to the whelping of the litter. The bitch must be owned or leased, in whole, or in part, by an active member of the PPPA. The breeder shall be supplied with a confirmation of nomination of the litter. A form shall be whelping date, number and sex division in the litter nominated. This form must be returned within one month of the whelping date. This form is found on the PPPA website. There will be no extensions granted with or without

penalty fees. The nomination of a litter qualifies any of the litter for entry in the Futurity Stake, regardless of the ownership of the individual puppy when entered or shown. All nominations must be made before the puppy to be shown in the Futurity reaches four months of age, on an official Puppy Nomination form which can be found on the PPPA website or by writing the Futurity Chairman. The determining date of the nomination shall be the postmark on the envelope containing the nomination (if mailed) or by online submission date. This postmark or online submission must be dated no later than midnight the day prior to the day the puppy reaches the age of four months. If the breeder wishes to nominate all puppies in the litter individually, this may be done at any time after the date the litter is whelped but before it is four months old. In such cases, fees for all puppies in the litter must be paid and nomination forms sent to the Futurity Chairman. All puppy nominations must be in 2 months prior to the futurity stake. Once puppy is nominated, it will be assigned a Futurity/Maturity ID.

If neither the AKC litter number, nor the individual registration number, has been received by the breeder at the time each puppy nomination is made, this information must be forwarded to the Futurity Chairman immediately upon receipt. If ownership changes after individual puppy nomination is made, the Futurity Chairman must be provided with correct information regarding (a) name of puppy; (b) registration number; (c) color; (d) sex, and (e) new owners name and address. If this information has not been received by the Futurity Chairman at least one month prior to the date of the Futurity, the dog in question shall be disqualified. The same rule shall apply to the change of the dog's name if such occurs at the time of registration.

Microchip number or Tattoo must be provided on the puppy nomination form. If there is an individual reason this cannot be accomplished, please contact the Futurity Chair.

ELIGIBILITY

The Portuguese Podengo Pequeno must be entered in one of the regular classes at the PPPA Specialty Show, if the Futurity is held in conjunction with the Specialty Show. If the Futurity is held in conjunction with an all-breed show, the dog must be entered in one of the regular classes at the show. When completing the entry form, the fact that the dog is to be shown in the Futurity must be indicated on the entry form. The entry fee for the Futurity class is an additional fee. This fee should be included with the regular entry fee for the class at the show. AKC Conformation to be adhered to. No Portuguese Podengo Pequeno will be eligible to compete in the Futurity which does not meet the following requirements:

- 1. Be from a litter which was nominated in a proper and timely fashion.**
- 2. Have been individually nominated before it reached the age of four months, and:**
- 3. Be properly entered in one of the regular classes at the show.**
- 4. "Futurity Stakes" is to be written in as an extra class on entry form.**

Monetary awards will be made in such instances only to the owner of the individual dog pursuant to Futurity prize rules.

ENTRY FEES

35% shall be deducted from the total entry fee purse to be used for Futurity expenses and will be held in the PPPA Treasury. The remaining 65% will be awarded as follows:

- Entries ... 40% - First, 30% - 2nd, 20% - 3rd, 10% - 4th. (If less than four competitors, the balance will be divided among placements in that class. All placements will be divided such: 60% Breeder of Record, 40% Owner of Record.)

Ribbons shall be awarded through fourth place in each class. Rosettes shall be given to Best in Futurity and Best of Opposite in Futurity. The cost for each to be covered from the PPPA Treasury. Trophies may be given. Trophy solicitations for the Futurity Stake shall be the responsibility of the Futurity Chairman for each PPPA Specialty.

Monetary awards which are provided for, but cannot be given, whatever the reason, shall be retained by the club.

SELECTION OF JUDGES

It shall be the prerogative of the owners of the nominated dams to nominate the Futurity Stake judge. Upon notification by the Futurity Chairman, at a time to be six months, more or less, prior to the Futurity Stake, the owner of each nominated dam may nominate one person for the Futurity Stake judge.

Each eligible breeder shall thereafter, one month from the deadline for nominations, receive a ballot listing all persons nominated as set forth above. Each eligible breeder shall vote for five candidates listed in order of preference i.e. first, second, third, etc.

The candidate receiving the highest total number of points (a vote of first choice receiving 5 points, second receiving 4 points, etc.) In the votes cast shall then be declared the Futurity Stake judge for that year. In the event the number of dogs entered requires a second judge, the candidate receiving the second highest total number of points shall judge the bitch classes only. When the ballots for selection of a judge are tallied and a tie for first place has resulted, the Futurity Chairman shall determine who will be the judge for that Futurity.

During the nominating and voting period, the Futurity Chairman will not disclose names of Futurity breeders. No voting information will be disclosed, in accordance with a specified deadline date. At that time, the participants will be notified of the voting outcome.

Ballots which are incomplete, incorrect or exceed the deadline date will be considered invalid.

Persons nominated as the Futurity Stake judge do not necessarily have to be an AKC licensed Portuguese Podengo Pequeno judge but must be in good standing with the AKC and the PPPA and be a PPPA member. The fee for judging a futurity shall be no more than \$50.00, reimbursement for one night's lodging, dinner at the Awards Banquet and lunch or dinner on the day of their judging assignment.

Any person(s) elected to judge a Futurity Stake, who has nominated a litter(s) for that same Futurity Stake, or who has an immediate member of his/her family with a nominated litter(s), automatically voids the competition of that litter(s) in that same Futurity Stake. Any monies paid by the person(s) to the Futurity Stake are refundable due to the conflict of interest. Any Futurity nominated puppy who, by its placement in the Futurity, could result in a monetary prize to the judge would be ineligible for competition at that Futurity. A refund of all nomination fees for the ineligible dam and puppies will be made due to the conflict of interest. Nominators must apply to the PPPA Futurity Chairman for this refund prior to the close of entries. The Futurity Judge by his/her agreement to judge, agrees to the following: The Futurity Judge shall not exhibit, or have an exhibit in the Futurity Stakes, or the National Specialty, which the Futurity Stakes is a part of. The Futurity Judge may exhibit at any show following or preceding the National Specialty.

ADDITIONAL INFORMATION

Any returned check will carry an additional fee of \$15.

FUTURITY and MATURITY *continued*:

Maturity Stake Rules and Regulations

INTENT

The Intent of the Futurity and Maturity events are to encourage the breeding the best Portuguese Podengo Pequeno and rewarding the PPPA members who breed for their efforts. The Maturity will focus on the mature Portuguese Podengo Pequeno, where the Futurity focuses on the puppy. The stakes, as in the Futurity will weigh highly on the breeder, as they are the ones who will nominate the bitch before whelping, and often pay entry fees for the puppies as well.

PURPOSE

The main purpose of the Maturity is to provide encouragement and incentive to member breeders and owners of those Portuguese Podengo Pequeno who have maintained their eligibility to compete in the Futurity, to meet and compete a year later in the Maturity, as mature Portuguese Podengo Pequenos. To further demonstrate that their mature Futurity Portuguese Podengo Pequeno shave in fact matured into outstanding specimens of the breed and to reward the breeders for their efforts. The Maturity is held in conjunction with the National Specialty and Futurity each year. Individually nominated Futurity puppies are eligible to be nominated and compete at the first Maturity Event following the Futurity Event in which they are eligible to compete. Accordingly, Maturity entries will range in age from approximately 18 months old to approximately 30 months old, depending upon the actual date of the Maturity Event.

NOMINATION & ELIGIBLTY

Nominations to the Maturity are open only to members, in good standing, of the PPPA and to those Portuguese Podengo Pequenos who have been nominated and eligible to compete in the previous year's Futurity. For a Portuguese Podengo Pequeno to be eligible to qualify and compete in the Maturity, it must meet all the following requirements:

- Be nominated and eligible to compete at the previous year's Futurity. This requirement does not mean that the Futurity puppy must have been entered or competed at the previous year's Futurity, but rather, it was eligible to be shown at the Futurity.
- Has been nominated to the Futurity by the age of 6 months and is owned or co-owned by a member, in good standing, with the PPPA.
- Or, have the option of paying a penalty fee, as set by the PPPA, equal to twice the 6-month-old fee. This penalty fee is only good for up to 12 months of age. All other deadlines and conditions must still be met.
- Be entered in one of the regular classes of the National Specialty in either Conformation and/or Not be bred, owned, co-owned or handled by the judge or a member of his or her immediate family, nor sired by or out of a Portuguese Podengo Pequeno owned, co-owned or leased by the judge or a member of his or her immediate family.
- AKC CONFORMATION STANDARD TO BE ADHERED TO.

Are You in Compliance?

Aug 2019

Written by Bekki Pina

Over the years, I have had many people reach out to me asking how they can pass a surprise inspection. Majority of these people have just about everything in place as far as the care and condition of their dogs. But then I ask about what their city/county codes are as far as limits and licensing. Crickets. Or they say, I know I am over the limit but if I don't license them, they don't know about them. **Wrong.**

Most states, the only REQUIRED vaccine is the rabies vaccine. And in majority of the states, rabies can only be given by a licensed professional. Most of those vets are REQUIRED to submit to the city or county whom they have vaccinated.

Then you have the increasing number of neighbors, fellow breeders/exhibitors or just busy bodies calling in complaints on people because you do things differently than they would. There just is no more "under the radar."

With the availability of social media, raids are more visible. These raids are judged in the court of social peers well before the ink has dried on a warrant if they have one. Most of these raids were found illegal. But some of the charges stick because of code infractions and never for the abuse and cruelty allegations.

So what do we do about it, if our city/county has a bad law? One that directly infringes on our rights? WE FOLLOW THAT LAW until we can get it changed or amended. That means keep your animals current on the required vaccines. It means license properly with your city/county. If you are over the "Pet" limit, most city/county codes allow for a private kennel license. This IS usually an additional fee and subject you to periodic inspections. Usually scheduled. If you qualify for commercial licensure, make sure you follow your city/county codes and process AS WELL as the USDA requirements. Make sure your property is ZONED for animals. If you are required certain amount of acreage per animal or certain buildings, make sure you comply.

We no longer have the luxury to say, it never has been a problem before. My ACO never visited me before. Well times have changed, restrictions are more stringent and ACO are being trained FOR free by entities such as HSUS.

So once we get in compliance, then we can fight to change some of these restrictions. Becoming active in your city/county or state legislation is one way to do this. Get to know your representors on a personal level. Let them know the unintended impacts of these restrictions. Some states have organizations like Responsible Dog Owners of Maryland, INC who serve as the liaisons between the legislators and you. Join them, help them. If you feel you will be inspected soon, please read the attached article, "Police Are at Your Door".

Police at Your Door? Here's Some Information That Can Help.

2019-02-27 | Government Relations Department, AKC Government Relations Department

For most dog breeders and owners, few things are as fear-inducing and stressful as when a police officer or an animal control officer unexpectedly knocks at your door. The American Kennel Club expects everyone who registers a dog with us to know, understand and obey the laws of their jurisdictions. Nevertheless, animal rights activists or anyone with a questionable motive may file a complaint with authorities, and allegations alone can result in warrants, citations, seizure, and even criminal charges.

At a recent AKC Legislative Conference, an attorney from a national law firm discussed some considerations when faced with a search warrant presented by a police or animal control officer. It is important to note that the attorney offered these considerations in a general discussion. He did not offer them as legal advice and they were not intended as legal advice, because legal advice is best obtained on the particular facts of each situation.

1. Immediately contact an experienced criminal defense attorney, no matter what time of day. Identifying an experienced attorney in your area in advance of any issue is a wise decision.
2. Ask for your copy of the search warrant and if you are not provided a copy, do not consent to a search without first contacting an attorney. (Anyone can search your house and property, if you agree. Do not let anyone in without a search warrant.)
3. Be courteous and professional. Request a short time to review the warrant and to obtain legal advice (though enforcement officials are not required to wait). Read the warrant carefully to determine five things from the document in advance of letting anyone inside:
 - a. Confirm the address of the property listed as yours.

Find Your Elected Officials

Lookup your elected officials and candidates. Enter your zip code, full address or official's name.

 SEARCH

- b. The specific areas authorized by the court to be searched.
 - c. The alleged offense(s) that are the subject of the warrant.
 - d. Name and title of the person in possession of the warrant and whether those with him or her are authorized to aid in the execution of the search (get their names and titles too).
Business cards are helpful.
 - e. If the government attorney in charge of the investigation is not clear on the warrant, ask for their name and phone number.
4. If the search is of your place of business and executed during the workday, ask if agents are willing to postpone the search until the close of business, with proper safeguards against destruction of evidence, with a veterinarian or other animal husbandry expert present. Again, if agents have a search warrant, they are not required to wait.
 5. During a search, assign someone to monitor each agent or group and take notes of where they search, what they remove, and anyone to whom they speak.
 6. In the event a search is not being conducted in compliance with the warrant, or if any agent objects to being followed, politely and firmly consult with the agent in charge.
 7. Do not agree to an expansion of the search beyond what is described in the warrant without consulting your attorney first.
 8. You may try to learn from the agent in charge the nature of the concern and investigation. Do not answer questions of substance other than the location of documents or information, without your attorney's advice. Keep notes of what you discussed with the agent in charge.
 9. A list must be given to you of anything agents remove. Keep an accurate record of anything seized and from where it was taken. If animals are seized, ask for information on where the animals will be taken.
 10. When agents leave your premises, make certain all of them have left and document the time. Having this written information may prove helpful to your legal counsel.
