Parent Portal Information

The Parent Portal is an online tool that will allow you to access up-to-date information on your student's grades and attendance. You will be able to simply click on your student's grade in a class and see the complete list of assignments and grades. You will also be able to e-mail your student's teacher by clicking on the teacher's name within the grade book.

To access Parent Portal you will need a computer with internet access and a working e-mail account.
