

Foundation Training is a series of exercises designed to anchor the pelvis and decompress the spine in order to restore optimal posture and movement patterns. These exercises are designed to strengthen efficient biomechanics, enhance performance, and increase awareness to improper movement patterns that can ultimately cause degeneration and pain.

FOUNDATION TRAINING
8 week series begins May 16th
Thursdays 1:15 - 2:00
Group Fitness Room B at the APJCC Los Gatos
\$160 for 8 weeks series

- **Learn the 20 primary Foundation Training exercises**
- **Improve your posture and performance**
