

SPROUT ACADEMY PRESCHOOL

TOOLS TO GROW

922 Aigner Drive • Boonville, Indiana

Our Mission Statement

Our mission is to offer a high quality education by being caring, compassionate, and cooperative with children and their families. We will strive to foster creative, intellectual, social, emotional, physical, and spiritual development while fostering a lifelong commitment to learning. We believe that early childhood development and education should be a time of fun, warmth, security, exploration, and discovery. Preschool children are creative and receptive. Our goal is to nurture and encourage these qualities in children by taking advantage of the teachable moments that occur on a daily basis.

About Sprout Academy

Sprout Academy is a privately owned and operated facility dedicated to providing a quality preschool education for children three to five years of age. We offer small class sizes and ideal student to teacher ratios. This enables the teachers to have a powerful impact on each child's development by giving them the individual attention that is essential during their early years. We are experienced and knowledgeable about early childhood education and work collaboratively to provide an atmosphere that is safe and engaging for all children. We believe it is essential to develop a good relationship with each child and parent based on open communication and mutual respect, which we believe is the foundation of a successful school experience. By offering an engaging curriculum, it is our hope that each child will develop a positive outlook towards school and a lifelong love for learning during their time spent at Sprout Academy.
