EL PASO/TRANS-PECOS AUDUBON SOCIETY
P.O. Box 972441, El Paso, TX 79997
www.trans-pecos-audubon.org

This checklist covers El Paso County, Texas, plus approximately the western one-half of Hudspeth County, Texas (west of longitude 105° 30') and the southern one-third of Doña Ana County, New Mexico (south of latitude 32° 10'). It includes **437** species of birds and 11 additional identifiable forms documented as occurring in the area. Another 45 species are carried on the Historical (5), Exotics (27) and Hypothetical (13) lists on the back inside cover. Species names and taxonomic organization follow the American Ornithologists' Union *Checklist of North American Birds* (7th ed., 1998) as currently supplemented.

This list is our best effort to describe the current seasonal status of birds in the El Paso County area but is not the last word on the subject. A checklist evolves as field observers contribute new information to fill gaps in our knowledge or as changes in environmental conditions cause changes in the status of some species. You can contribute to future improvement of this list by reporting any new or unusual sightings to the El Paso/Trans-Pecos Audubon Society, P.O. Box 972441, El Paso, Texas 79997, www.trans-pecos-audubon.org.

KEY

- ABUNDANT: should see on every trip in proper habitat
- //// COMMON: should see on 3 out of 4 trips in proper habitat.
- ||||| FAIRLY COMMON: should see on 2 out of 4 trips in proper habitat.
- UNCOMMON: should see on 1 out of 4 trips in proper habitat.
- RARE: should see on 1 out of 10 trips or less in proper habitat.
- CASUAL: very rare and not expected annually.
- Indicates an individual record. Species considered ACCIDENTAL have 12 records or less.
-• Indicates a record of a lingering vagrant individual or flock.
- ★ Confirmed breeding
- + Suspected breeding
- ‡ Has attempted to breed
- L★ Localized breeder; breeds in only a limited number of favored areas
- Ls★ Sporadic localized breeder
- Lw Localized in winter
- Ly Localized year-round
- i Irregular; absent in some years, but may be numerous others

For species not seen since 1985 or before, the year of last sighting is in parentheses after the species name.

HISTORICAL

This checklist is based mainly on records acquired since 1976. It is intended to give current, not historical status. Species documented as occurring in the El Paso area prior to 1976, but which have not been recorded since that year, include (date of last record in parentheses):

<i>Wood Stork</i> (1951)	<i>Dusky-capped Flycatcher</i> (1891)
<i>King Rail</i> (1933)	<i>Black-capped Chickadee</i> (1881)
<i>Northern Pygmy-Owl</i> (1918)	

EXOTICS

Species reported in recent years from the El Paso area, but which are believed to be either escaped or deliberately released exotic birds, include:

<i>Chinese Goose</i>	<i>Monk Parakeet</i>
<i>Bar-headed Goose</i>	<i>Blue-crowned Parakeet</i>
<i>Mute Swan</i>	<i>Orange-fronted Parakeet</i>
<i>Egyptian Goose</i>	<i>Military Macaw</i>
<i>Common Shelduck</i>	<i>Red-crowned Parrot</i>
<i>Ringed Teal</i>	<i>Lilac-crowned Parrot</i>
<i>Red-crested Pochard</i>	<i>Indian Roller</i>
<i>Chukar</i>	<i>Black-throated Magpie-Jay</i>
<i>Ring-necked Pheasant</i>	<i>Green Jay</i>
<i>Northern Bobwhite</i>	<i>Purplish-backed Jay</i>
<i>Ringed Turtle-Dove</i>	<i>White-collared Seedeater</i>
<i>Cockatiel</i>	<i>Orange-breasted Bunting</i>
<i>Peach-faced Lovebird</i>	<i>Orange Bishop</i>
<i>Black-hooded Parakeet</i>	

The status of **Canada Goose** in the El Paso area also deserves mention. In addition to wild migrant and wintering birds, a resident population consisting of captive-raised birds and their descendants is also present, mainly within the El Paso city limits. In the main checklist, the information for this species applies to wild Canada Geese, not the resident population.

HYPOTHETICAL

Species reported from the El Paso area but not yet documented include:

<i>Short-tailed Hawk</i>	<i>Green Kingfisher</i>
<i>White-tailed Hawk</i>	<i>Gila Woodpecker</i>
<i>Aplomado Falcon</i>	<i>Eastern Wood-Pewee</i>
<i>Buff-breasted Sandpiper</i>	<i>Yellow-bellied Flycatcher</i>
<i>Ferruginous Pygmy-Owl</i>	<i>Veery</i>
<i>Vaux's Swift</i>	<i>Gray-cheeked Thrush</i>
<i>Blue-throated Hummingbird</i>
