KAVINSTAR® Industrial paper shredders are even more important in industries subject to audit regulation. To comply with the strict regulations proper disposal of sensitive information is essential, and a reliable shredder is the only way to go. Our top shredders are meant for these uses. A large capacity industrial heavy duty paper shredder can shred from 40 sheets in one pass up to 100 sheets in one pass. Our heavy duty industrial shredders are designed to withstand heavy volumes of shredding and are a great investment. These industrial heavy duty shredding machines will last your company 5-10 years (if properly maintained).
