

Uniforms

Dress uniforms are summer whites (white jumpers) and dress blues. Summer whites are worn from May through September. Before May drill, cadets need to check their dress white uniform for fit and inside-out ironing. If needed, move rating badges from blues to whites.

Dress blues (blue jumpers) are worn October through April. A uniform inspection is held in September. If needed, during August drill cadets should plan a visit to Supply to trade in for appropriate fitting attire.

The following uniforms are the prescribed uniforms for the Twin Cities Squadron. A list of items required for each prescribed uniform is included.
