NOMA Atlanta cordially invites you to this special presentation and celebration, which will be held on the actual day of the March on Washington 50 years ago. We will honor four of our trailblazers of diversity in the fields of architecture, engineering, and construction. The program will feature special tributes to our honorees by their children, who are all accomplished entrepreneurs in the AEC community. The program will also include a catered buffet and reception with opportunities to network with the presenters and any honorees that are in attendance. You don't want to miss this unique perspective on the true impact of what it was like to grow up under these trailblazers during and after the civil rights movement.
