

## WHAT IS ROTARY?

Bordentown Rotary provides service to others, and promotes integrity, goodwill, and peace through our close fellowship of local business and community leaders. Rotary is the world's largest service organization. Our motto is "Service before Self" and we have fun while serving!

Locally, we serve our community's youth through scholarships, leadership awards and mentoring students within our 3 Interact clubs. We organize, fundraise and distribute food to area food pantries, as well as fundraise and support many other local programs that aid families and children in need. Globally, Rotary's major quest is to eradicate polio, a crippling and fatal disease in children. We are THIS close to a polio-free world, which, when accomplished, will become one of greatest achievements in the history of mankind.
