Calico Lovers, here is a girl for you! A beautiful **Tri-Colored, Fancy** girl with solid conformation and pretty fleece – **It Doesn't Get Any Better** than that.

Steeped in a rich heritage of **Tried and True Genetics**, Banya's dam, Balaquita, is out of one of Hinterland's most **Prolific El Fuerte Daughters**. Banya's sire, **GNLC Full Tilt**, is no slouch himself. He has stood at Westerham Farm, Mark Smith Farms and is now at New Leaf Llama Farm in CA. He was nearly unstoppable in his show career and many of **his Offspring Have Followed in his Footsteps**. It is believed that with the very little effort, this young lady could also find success in the performance ring. As with previously offered females, she comes with a **Free Breeding to any Stud Southwest Llama Co. owns** when she is of breeding age.
