NOSE PRINT, PAW PRINTS & PHOTO SUBMISSIONS

A digital file works best for photos and to capture prints without the mess of ink. Use good lighting so you can get a sharply focused photo without blur from camera-shake. For maximum resolution fill the entire frame with complete nose or paw print. Use the "upload feature" on the website or email high-resolution JPG file to service@KinAndPebble.com and include order number in subject line.

Allow 1 business day for sterling silver & stainless steel, 4-5 weeks for 14K gold & platinum and additional time for large orders.
