

The Fun and Study team

Ms. Sunitha Atla

I completed the American Montessori Society Early Childhood teaching credential through the Montessori center for Teacher Education and interned for a year at Bellevue Montessori School in 2015. I hold a Bachelor's Degree in Education and a Master's Degree in Computers.

I like working at Fun and Study Learning Center because of the wonderful environment and friendly staff. Teaching children is a joyful, rewarding and humbling expression. I am really lucky that I found what I truly love. In my free time I enjoy traveling, spending time with my friends and family, watching movies and cooking.

Ms. Radha Pedapati

I am Radha Pedapati, a former Senior Software Developer, a Teacher, a Mom, and a Learner. After my Bachelor's in technology, I started working for a couple of organizations for 8 years including vendor for Microsoft. Later, I quit my job to pursue my passion as a teacher and did my Associate's in Early Childhood Education. Along with my degree, I also became a certified international tutor. Now I am keen to combine my skills as a developer and as a teacher to encourage and facilitate the active use of technology in a safe environment.
