

CPR/1st Aid/AED Training Course

Course Director

Jim Brandt CSP, CHST, CET - Industrial Hygiene Professionals, Inc.

Benefits

All organizations, regardless of industry or number of employees, must comply with OSHA requirements to protect the lives and health of their employees – and to avoid costly fines and increased insurance premiums. NSC First Aid, CPR & AED provides the training that organizations trust to give their employees the lifesaving skills they need to respond correctly during a medical emergency. Remember – NSC courses are always all-inclusive. You'll never pay additional fees to receive the nationally recognized NSC Course Completion Card!
