

FOOD WASTE and RECYCLE Program

It's a Law that we must Recycle Organic waste

You can help California meet SB 1383 goals by collecting food waste in the container provided. The Villas dumpsters #3 and #5 have food waste containers. Please use them.

CalRecycle is helping build a 21st-century organics infrastructure that will provide jobs, protect the environment, and put organic waste back to work growing food and building healthy soil. You can learn more about CalRecycle's investments in organics management facilities at our Organics Grant Program page.

Acceptable: Meat, Fish, Poultry, Dairy Products, Fruits and Vegetables, Bread, Pasta, Rice, Grains, Bones, Eggshells, Seafood Shells, Plate Scrapings/Coffee Grounds, Food Soiled Paper/Paper Napkins (minimal amounts acceptable), Compostable or Biodegradable Products and Bags.

Unacceptable: Silverware/Dishware, Glass, Metal, and Rubber, Food Packaging Material, Animal Waste, Soil or Rocks, Food Packing Material (i.e. plastic, waxy-coated paper).

We incur a \$57.00 fine if placing the wrong item in the container.

DUMPSTERS

We have noticed an increase in over-filled/overflowing dumpsters in the community. There are 5 dumpsters that you are welcome to use if yours is filled.

RECYCLED MATERIAL

Please break down boxes/items to maximize dumpster usage and prevent the dumpsters from overflowing, as overages cause additional fees to the HOA.
