

HOOT OWL RIDGE GP ~ Hughesville, MO

Presented by: WARRENSBURG CYCLE

Here's what you need to know...

First ever event on this property...meaning 100% ALL NEW TRAIL!!!
Much of the course is fresh cut single track & there are a couple of rocky creek sections. We will break up the course by using some fire road sections here & there as well as a little bit of grass track. The property is typical Missouri dirt – rock & clay with the best dirt being along the creeks.

Big bike courses will be different from Saturday to Sunday.
Saturday you'll be on BLUE arrows and Sunday on RED arrows. The plan is for the two courses to be 50% different – maybe more than that.

50 track – plans are for them to have their own track again – 100% separate – their own start, scoring & everything else.

65/85/Ladies – mostly separate course that shares the beginning and end with the big bikes – single track, fire roads, grass track – no creeks though.

GP Format!! (same setup as Nebo...MOTOS) – know the rotation and be on time!

Concessions available Sat & Sun – burgers, hot dogs, chips, Gatorade & water

Holeshot awards provided by FLY RACING!!!!!!!!!!

Please do NOT rip around the parking area – it's a hayfield. If you do, the land owner will come & find you – he is 7 feet tall, for real!!!!!!

Directions: From Sedalia, take US 65 North 10 miles. At Kemp Rd, go East for 2.3 miles. Turn right onto Sinkhole Rd and go 0.6 miles. Race entrance on the left.

Can't wait to see everyone for another epic weekend of MORE racing...
