Darrell,

Just a brief letter to thank you and your company for a job well done at our home in Vista, CA. Your employees worked diligently and obviously take pride in representing Capstone Construction Company in a professional manner.

The Keystone retaining wall system that your company installed to increase our side yard adds value to our property and an area for our 2 little girls to play. Your crew also repaired on going drainage issues we've had since moving into this house. The foundation Capstone constructed to secure the chicken shack is great.

Your crew went above and beyond to make sure this wall was constructed in time and under budget. They offered cost saving suggestions to help us save money. Ashley and I are very pleased with the finished product and would certainly recommend you to our friends and family.

Gratefully,

Troy Havins
