About the Konica Minolta bizhub C360

Konica Minolta bizhub C360 Details:

Konica Minolta bizhub C360 The award winning Konica Minolta bizhub C360 was released in 2009; Buyers Laboratory Inc honored it with the "Pick of the Year" award. It comes well-equipped with multiple functions including copying, printing, and scanning. You will get the convenience of a black and white machine with brilliant color when you need it—all without sacrificing the cost-efficiency of a black and white machine. Toner yields are generous; estimated at 29,000 pages for the black toner (TK-319K) and approximately 26,000 pages for colored toners including cyan (TN-319C), magenta (TK-319M), and yellow (TK-319Y)—when averaging 5 percent page coverage. Konica Minolta has remanufactured the internal components so that they work more productively providing you with longer runs between toner changes.

Konica Minolta rated the monthly duty cycle at 100,000 pages; this robust amount enables the bizhub C360 to keep up with heavy print demands of busy companies. Print speeds are brisk; multiple copies are dispersed at a rate of 36 pages-per-minute whether you are printing in black and white or color. PageScope software is included with the Konica Minolta bizhub C360; this helps to seamlessly integrate the machine into your office. Through the Web Connection you can access and control the C360 with ease; the Net Care Device Manager allows you to manage more than one device from one handy spot. Pros:

BLI's "Pick of the Year" award, 2009
Fast printing in B&W and color
Efficient consumables
