

# LIBBY UPDATE!

Please be advised that we will be conducting an update on our Libby E-book/Audiobook service on September 27th, 2024 starting at 8:00 AM.

This update is expected to take approximately 30 minutes.

During this time there may be a disruption of service as we work to add functionality. After this update is completed, you will now be able to check out digital E-book and Audiobook items through our [online catalog!](#)

This will not effect:

- Current Checkouts
- Holds Lists

Your Reading History may be affected with this update.
