

# HEARING SCREENINGS

Do you often ask people to repeat themselves? Has your spouse or other family member told you how you

speak loudly or asked you to turn down the television volume? If so, you might be experiencing hearing loss.

It is possible that it could be earwax buildup or a minor condition, but a long-term untreated hearing loss can lead to serious problems later in life. Learn what causes hearing loss and how it affects your health and relationships at the **Acute Hearing Screenings on Thursday, March 8, from 10:00 AM to 1:00 PM** in the Craft Room, where an Acute Hearing expert will assess your hearing health. The screening is free. **Please register at our Welcome Center or call 513.423.1734.**

3907 Central Ave, Middletown, OH 45044 / 513.423.1734
