

Hi Friends,

My name is Hailey. I am so excited to be lead teacher at Snapdragon Preschool this year. My childcare experience started with babysitting in high school. That led me to working in my first childcare facility in 2014 and I have never looked back. I have worked with kids ranging from ages 6 months through 12 years old.

I am passionate about childcare, and I love to help children learn and grow every single day. During our preschool day, I encourage children to be independent while learning. This encourages and grows their creative thinking and opens their minds to the endless possibilities of learning.

In addition to being passionate about working with kids, I am also passionate about animals and live a vegan lifestyle. I also like to dye my hair different colors. I love to change things up often and always try to keep it bright and fun. Just as I enjoy expressing myself, I believe that children should be able to freely express themselves as well. This is going to be a super fun year and I can't wait to see everyone!
