

Jim Bennett, Manager, Technology Services

Greater Saskatoon Catholic Schools

Jim Bennett, Manager of Technology Services for the Greater Saskatoon Catholic Schools, has over 30 years of experience managing cross-functional teams deploying enterprise-scale projects, both domestically and internationally. Jim is a Lean Six Sigma Black Belt and has several Agile certifications. Since joining the GSCS nine years ago, Jim has been bringing his knowledge of IT best practices, along with Agile and Lean Six Sigma frameworks and methodologies to the Division to improve operations and efficiencies in all departments. He has sat as chair, co-chair or member of various provincial working advisory groups. Along with his role at the school division, Jim is currently on the board of the Saskatchewan Association of School Board Officials, and Lead for the K-12 Education Network in the American Society for Quality. In his free time, Jim loves playing with his 4 grandchildren and exploring his hobbies of woodworking, music and cooking.
