

Real Estate Agents and Brokers are Being Left Behind by the Traditional Financial World and are Very Financially Unprepared for Their Later Years!

→ 47% of Agents have Less than \$25,000 Saved for Retirement

The Good News is that there is a Solution to this Massive Industry Problem

The real estate professional is falling further and further behind in their quest to make and keep more money. The traditional financial products sold to the general public are not well suited for the commissioned salesperson or business owner.

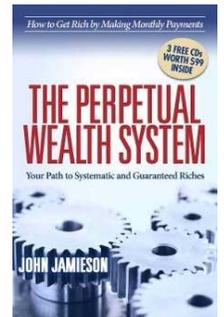

These traditional financial programs fall far short of helping a real estate professional grow and protect wealth. That is why we created The Perpetual Wealth System and Real Estate Agents Build Wealth.

We specialize in showing the real estate professional how to grow and protect wealth tax free while maintaining complete control of the funds so they can be used for business expenses and as a rainy day fund for those low cash flow spots all real estate professionals face from time to time. Now you can grow wealth automatically, systematically, and tax free by using these powerful wealth strategies.

John Jamieson started Perpetual Wealth Systems and Real Estate Agents Build Wealth to help his fellow real estate professionals get ahead and be able to prepare properly for their later years. He believes they should have abundance but very few actually achieve these results.

By using these strategies the real estate professional can:

- 1) Put away money in a tax free environment (with virtually no limits on how much you can put in the program while still accommodating the smaller income agents)**
- 2) Maintain control of this money to use for purchases, investments, savings, business expenses, business expansion, personal expenses, college fund, or a rainy day account**
- 3) Protect those funds from any market downturns by offering guarantees of principle and growth from companies who are over a century old with many billions in assets**
- 4) Create a tax free income stream for later years**
- 5) Self-fund cars, boats, office equipment and never have to worry about qualifying for loans by unfriendly banks**
- 6) Build wealth with this program along with increasing their business**

Suggestions on how to let us help your agents and organization

1. *Book John or one of his team members to come in for a free no obligation presentation to your group*
2. *Consider using John's book "The Perpetual Wealth System" as a high value low cost marketing tool and to add value to your services in the clients eyes (this book talks about real estate investing in several chapters and will help stimulate new business for agents who use the book as a tool)*
3. *Schedule an online training presentation and invite agents and their clients to attend with no charge or obligation*
4. *Work with Real Estate Agents Build Wealth to put on local high quality workshops and invite the agents and/or the agent's clients to add value to their services. This will elevate the agent to an even higher level of importance to their client and community while at the same time help the agent grow their own wealth and income*
5. *Work with us to provide content for your newsletters, websites, and email marketing programs and again, add value to your clients.*
6. *Joint venture with Real Estate Agents Build Wealth to add a wealth strategy wing to your current business and generate additional hands off revenue.*

Real Estate Agents Build Wealth and Perpetual Wealth Systems are owned and operated by John Jamieson who is a 24 year veteran of real estate sales, investing, property management, speaking, and coaching. John has given presentations on wealth creation and preservation in every major city in North America. He continues to be a sought after speaker on wealth creation, real estate, and business topics. We have many testimonials available upon request from his former students, co-workers, and meeting planners so feel free to vet John to make sure him and his team is a good fit for your group.
