In Recognition of Our Volunteers

Many members of Post 346 know little or nothing about all the members who volunteer their time and efforts to promote the programs of the American Legion, Auxiliary and SAL at Post 346 and in the community. These members do not give their time for kudos or recognition, they do it to further the purposes of the American Legion, strengthen our American values, and to promote the good in the world. Please give your thanks to all the officers of our Post, who have given much of their time and efforts to help us all through, not only the pandemic but, its fallout in the form of the sale of our building. Your officers have done and will continue to do the hard work of moving Post 346 into the future on a more secure financial footing.

Commander's Corner...

Post 346 Commander

Marya Davis

We are back to gathering and celebrating together! It was an amazing turnout for our Memorial Day get together. Farmington Boy Scout Troop 45 donated use of the big party tent, including set up and tear down. They even cleaned up the parking lot before the event. And so many new volunteers! It was noticed and very much appreciated. And of course, everyone always pitches in at the end to make sure everything gets put away. Between Marty's dogs and the music of Neil Diamond we all had a blast. Even grumpy neighbors could not stop the fun!

Flag Day was a solemn event and well attended. The additional assistance from the SAL was very much appreciated. It really was an inclusive event with the Knights of Columbus as well as an opportunity to include the younger generation. The Civil Air Patrol and our favorite Star Rank Scout Bugler Vitaliy Koponen of BSA troop 179 did a great job! Pillar Four of the American Legion is Children and Youth and it is great to see them as part of our ceremonies.

Other events: May 7th, several of us represented the Legion and attended the [unveiling of 4 new Veteran Banners in downtown Farmington](#) with the Mayor and the families of those veterans; May 8th, our Honor Guard was part of opening ceremonies for [Opening day at the Farmer's Market](#); and June 26th many of our Post family, together with Oakland County, handed out food boxes to Veterans, Active Duty, National Guard, Reserves and their families. Great community effort.

A new year began with the Installation of Legion officers, presided by Past Commander and current Post 346 Judge Advocate Ray Barry. And we welcome new At-Large member Ed Hirsch to the Executive Committee. He brings a diverse leadership perspective from roles such as Trustee of the Michigan Veteran Trust Fund, State Commander of the Jewish War Veterans, Officer of the Elks, and more.

And not to forget, honorable thanks and appreciation to Steve Koponen who coordinated and delivered the Americanism Award certificates and medals in the late Spring. This award places emphasis on the development of qualities of courage, honor, leadership, patriotism, scholarship and service. The youths from all local schools could submit an essay. This effort recognizes our young people who are models of our community. And next year we look forward to seeing them in our parade.

Please take the time to read the Auxiliary President's column. Good information regarding the approved sale of the building. With thanks to the Executive Committee who attended the open Post meeting, we had a very informative discussion. We are now on a clear path to move forward – keeping our Legion Family together is the priority.

In Service,
Marya Davis, Commander

My 2 Cents...

Unit 346 President

Carol Hopson

Thank You to those AUX members who helped with our Memorial Day get-together, it felt so good to be together having a good time again! A BIG Thank You to all those who have sent in poppy fund donations in the mail. Veterans in need appreciate our ability to help them during troubled times.

Many of our members seem to have very strong emotions when it comes to the subject of selling our building. The June Legion meeting addressed those concerns to the Post members present. Commander Marya, in the interest of transparency and fairness, issued an open invitation to AUX and SAL members to attend also and express their opinions. All Post members could voice their concerns, express their opinions, and ask questions of their officers about this issue. This was very much appreciated. In that spirit, I would like to give you my opinion on the subject.

1) Membership numbers have been steadily declining for the past 20 years or so. 2) Hall rental income has been steadily declining for the last 10 years or so. 3) Our building (built in 1947) is only getting older and more expensive to maintain. 4) Most of our recent fund raisers have been held to raise money to address problems with our building (repairs to the elevator, repairs to the roof, leaking foundation, plumbing issues), to enable us to keep our doors open. When money from fundraisers is needed for maintenance of the building, less funds can be channeled toward our core mission of helping our veterans and their families. I believe what we all need to remember is that WE ARE Post 346, not our building (this building is our 5th home since establishing our charter in 1923). This building has become the proverbial "sinking ship". We need to make a change soon, move into a smaller, newer and more energy efficient building to move confidently into the future and get back to the core mission of the American Legion.

The Legion does not require the Auxiliary nor SAL's approval to take this action. In accordance with Dept. of Michigan Constitution and Bylaws a vote was held at the June membership meeting. Of the 21 Legion members present at this meeting, 19 voted yes to approve moving forward with the sale of our building. Also voted upon was a motion giving authority to the commander and finance officer (jointly) to sign paperwork relating to the sale of the building. Thank you to all those who attended the June meeting and many others who have made their thoughts and ideas known in the months leading up to this momentous but inevitable decision.

See you in person at our next meeting in September! That's my 2 cents worth, I'm always eager to hear yours,
Carol Hopson, President

Many thanks to Finance officer Dave H and volunteers Gene H, Jim K, Ed H and Alan H for completing the grueling job of the annual Legion financial audit.

Commander Marya

Plate Exchange! Ed McMahon from Abilene TX (a buddy of member Dan McGrath) was in town recently and exchanged one of their license plates (now proudly on display behind the bar) for one of ours for their clubroom.

One way to find out if you're really old is to fall down in front of a lot of people. If they laugh, you're still young. If they panic and start running toward you, you know you're old.

Know the signs of a stroke FASTER

F stands for Face, drooping or numbness on one side of the face versus the other. Ask the person to smile to make the droop more apparent.

A stands for Arms, one arm being weaker or more numb than the other. Ask the individual to raise both arms up and hold them for a count of ten.

S stands for Stability, steadiness on your feet. Sometimes individuals will fall, feel very dizzy or be unable to stand without assistance.

T stands for Talking, changes in speech including slurring, garbled, nonsensical words, or the inability to respond appropriately. Ask the person to repeat a simple sentence like "the sky is blue".

E stands for Eyes, visual changes. Visual changes occur suddenly and can include complete vision loss in one eye, double vision, and partial loss of vision in one or both eyes.

R stands for React, call 911 immediately if you recognize any of these symptoms. Call even if the symptoms go away and try to remember when they first began.

A Late Pandemic Lexicon - New Yorker Magazine

Spring Fever: A side effect of the second shot.

Auntie Vaxxers: The cascade of relatives due to visit you now that they've been vaccinated.

Covastalgia: Nostalgia for certain aspects of the pandemic - e.g., reduced traffic, more birds, no school shootings, no office birthday parties.

Lax Vaxxer: Someone who experiences vaccination the way a wild animal might experience being freed from a zoo: by running wild and invading other people's personal space. Immune to both COVID and social cues.

Sheltering In Face: The experience of being unable to remove one's mask, even after being vaccinated, even in the open air, away from others. A person in this condition would sooner expose genitalia in public than the lower half of their face (which is equally pale; see Orca Face).

Orca Face: The effect of a year of outdoor mask-wearing on face pigmentation.

B.O.S. (Better On Screen): Also known as Worse In Person. Used mainly as a way to excuse one's relatively lack luster appearance after hibernating for more than a year: "Of course you didn't recognize me. I'm totally B.O.S."

Re-homing: What is currently happening to thousands of pets adopted during the pandemic, as well as to millions of boyfriends, girlfriends and relatives.
