

## COVID-19 Screening Checklist – Onsite Visitors

**If the answers to any of the following questions are “YES,” then you may not enter the building.**

1. Have you had a fever or felt feverish in the last 72 hours?
2. Are you experiencing any of the following symptoms?

Cough	Muscle pain or soreness
Shortness of breath	Sore throat
Fever	New loss of taste or smell
Chills	
3. Have you received a confirmed diagnosis for coronavirus (COVID-19) by a coronavirus (COVID-19) test or from a diagnosis by a health care professional in the past 14 days?
4. Have you or any member of your household traveled by airplane internationally or domestically in the last 14 days?
5. Have you had close contact with or cared for someone diagnosed with COVID-19 within the last 14 days?

*If answers to 1-5 are no, then proceed to temperature screen*

- Is your current temperature above 100.4 Fahrenheit?

**If you are able to answer “NO” to all of the above questions, you may enter the building.**

## COVID-19 Client Screening Return Checklist

If you failed the COVID-19 screening, you may not return to the center or resuming having sessions until the following criteria is met:

### Symptom-Based Strategy

1. At least 3 days (72 hours) have passed *since recovery* defined as resolution of fever (100.4) and symptom free without the use medications **and**
2. At least 10 days have passed since symptoms *first appeared*

~ OR ~

### Test-Based Strategy (Quicker Return)

1. Negative results from a COVID-19 test from at least two consecutive respiratory specimens collected  $\geq 24$  hours apart (total of two negative specimens) **and**
2. Resolution of fever (100.4) without the use of fever-reducing medications **and**
3. Improvement in respiratory symptoms (e.g., cough, shortness of breath)
