

# IMPORTANT SEWER NOTICE

Dear Residents

We hope that you have enjoyed the festive season and that the NRP construction has not been too disruptive. Thank you all for your patience!

Starting this coming week, Tuesday January 2<sup>nd</sup>, we will be placing GREEN STAKES in the front yard of Colony residences. These will mark where the new sewer connection will be on your property. For those who marked the spot on the green sheets we sent out many months ago, this location will be used; otherwise, the contractor will select a location nearest to your sewer drainage field which will create the least disruption to your driveway and front yard.

If you have any problems with the location of the stake, contact Matt O'Rourke of Arcadis on **(561) 374-1051** immediately – once the connection point has been installed, there will be **NO** retroactive movements to connection location as it is just too expensive.

In the next 3 weeks, only Colony Road will be affected by this activity.

Thank you.
