FEATHERS IN THE WIND

A Few months back I was talking about the anniversary of the equal rights amendment. Now with the death of Ruth Ginsberg new things have come to light which I did not realize.

The nineteenth amendment did give women the right to vote, but that was about all it did. Women of color still had lots of problems being able to vote. Many men and women in the South had to take literacy tests (like read a newspaper in Chinese) and answer such questions as what is the 12th amendment, or who was the 14th president, questions that most people no matter who could not answer. It was up the person registering people to vote what the test would be. Can you see in the injustice?

It would take yet another act signed by President Johnson to make for fair and equal voting rights but that did not take place until the 1960's.

Meanwhile until Justice Ginsberg came along women could not have a charge card unless they were married and it was in their husband's name.

They could not serve on juries nor the military.

Now that man in the White House in trying to push through a very conservative judge despite the FACT that at least two of his cronies denied Obama the right to select a supreme court judge by saying that a president should not be allowed to select a judge during an election year.

That person has already put two justices in and now it almost less than a month before the next election before he tries to put another one in.

This judge might be a good and fine person, but I do not feel that way about people who say one thing and then go back and do the exact opposite.

It is time to make our preferences known. VOTE!

AMANA NEWS AND NOTES

Correction to Last Week's Story on Amana Utilities

Last week the Amana News and Notes columnist incorrectly reported that the Waldenburg area receives its electrical power/ utility service from the Amana Society Service Co. This is incorrect. The Amana Society Service Company's electrical service does not extend as far north as Waldenburg.

Thank you to Russ Eimers, ASI Service Co., for pointing out the error.

Drive Thru Communal Meal

We are excited to announce that we will be offering a curbside pickup communal meal October 24th. This will be in lieu of our annual communal meal at the Guild. Please see menu below.

This event will be our one and only major fundraiser for the year, since we were unable to have our Festival of the Arts, our Christmas Haus Tour, our in-person communal meal, our summer art workshops for adults or kids, exhibits or any gallery shows. We have felt a major void, and we want to let you know we haven't forgotten about any of you and the generous support you have given us in years past. Supporting the Guild through the purchase of a meal for this event will help us close out our fiscal year with the hopes of a healthier and busier calendar year ahead.

The cost will be a \$50.00 donation for two meals. RESERVATIONS ARE REQUIRED and we will take reservations till October 10th. Pickup is at the Amana Church located in 622-45th Ave, Amana and will start at 5pm.

Our MENU for Drive Thru Communal Meal is:
Ofen Gebacken Fleisch (Oven Baked Steak)
Kartoffel Salat (Hot Potato Salad)
Tomaten Gemüse (Tomato Stew)
Salat mit Rahm Sosse (Salad w/Sour Cream Dressing)
Schinken Salat (Pickled Ham)

CCA Middle School Outdoor Classroom Receives Grant

The Clear Creek Amana Middle School in Tiffin has been chosen as one of 28 Iowa organizations to receive a Wellmark Foundation Matching Assets to Community Health (MATCH) grant/ The CCA project received \$13,583 for its outdoor classroom project contingent upon them obtaining a 50 percent match to the grant.

The Clear Creek Amana Middle School Outdoor Classroom proposes to take an under-used space near the learning annex between the High School and the Middle School and transform it into a space that is welcoming to all ages. It will allow science classes, art, FFA, for example, to head outdoors for learning activities and for PE to explore physical activities beyond traditional sports. Students will have enhanced hands-on curriculum related to food production, food consumption and physical education. They are planning an outdoor "learning shelter" with shade and seating suitable for group meetings. Also in the plans, vegetable gardens and a "fern gully" for the study of soils and botany along with a small, short-grass prairie.

"The Wellmark Foundation is proud to see all of the outstanding work communities are doing during these challenging times," said Mary Lawyer, The Wellmark Foundation executive director. "These projects will not only provide the groundwork for access to and consumption of nutritious foods but also opportunities for physical activity within their communities — both of which will enhance the quality of life and the overall well-being of citizens for generations to come."

Since 2011, The Wellmark Foundation has provided more than \$11 million in grant funding to communities across Iowa and South Dakota.
