

Lakemoor Fall Brush Clean-Up

Monday November 4, 2019-Friday November 8, 2019

Please have all brush to the curb no later than 7am Monday!

The Village of Lakemoor provides residents with curbside brush collection during the spring and fall. Public Works Staff collect small tree limbs and brush from every Village Street. Trucks can only visit each street once during the program, so residents are advised to place their brush at the curb no later than Monday, November 4, 2019 @ 7:00 AM. Once crews pass your home, they will not come back.

Residents are asked to place brush, under 6 feet in length and under six inches in diameter, on the parkway in front of the home for the collection. Brush should be stacked into one large pile in the front/side parkway with cut ends facing the curb, and placed away from parkway trees, mailboxes, utility poles/boxes, hydrants, and parked vehicles.

Grass clippings and other landscape waste will not be accepted.

The accumulated brush will be ground into wood chips and placed in a pile Public Works Building 333 Wegner FREE OF CHARGE.
