

## Straight Paths Driving School

**Section 1: Sharing the Roadway with Motorcyclists**

As users of the Highway Transportation System, \_\_\_\_\_ drivers are responsible for the safety of \_\_\_\_\_. Use the \_\_\_\_\_ process to learn to \_\_\_\_\_ where to look for motorcyclists and what precautions you can take as a driver to help ensure the \_\_\_\_\_ of motorcyclists.

**Section 2: Motorcyclist Actions Can Affect You**

A motorcycle has less \_\_\_\_\_ and \_\_\_\_\_ than a car. Driving dangers— \_\_\_\_\_ or \_\_\_\_\_, for example that are relatively minor for \_\_\_\_\_ can create big problems for \_\_\_\_\_. Some \_\_\_\_\_ motorcyclists can take to stay safe include wearing \_\_\_\_\_ equipment, maintaining \_\_\_\_\_ driving \_\_\_\_\_, and staying \_\_\_\_\_ to other drivers.

**Section 3: Bicycles, Mopeds, and Motor Scooters**

Drivers of \_\_\_\_\_, \_\_\_\_\_, and other \_\_\_\_\_ - \_\_\_\_\_ vehicles have their own \_\_\_\_\_ for making the \_\_\_\_\_ safe. However, as a driver of a large, \_\_\_\_\_ - wheel vehicle, you can use the \_\_\_\_\_ process to help \_\_\_\_\_ drivers of \_\_\_\_\_ - \_\_\_\_\_ vehicles.

**Section 4: Pedestrians and Special Vehicles**

\_\_\_\_\_ are the most vulnerable \_\_\_\_\_ users. Be especially \_\_\_\_\_ when pedestrians may be present. To be a \_\_\_\_\_ driver, you must also learn to \_\_\_\_\_ the \_\_\_\_\_ with \_\_\_\_\_ vehicles, including \_\_\_\_\_ vehicles, \_\_\_\_\_, and \_\_\_\_\_ vehicles.

**Section 5: Sharing the Road with Trucks**

Automobile drivers must be aware of large \_\_\_\_\_ and know how to \_\_\_\_\_ the \_\_\_\_\_ safely with them. Watch for trucks making \_\_\_\_\_ by swinging to the left. When following a truck, stay clear of its \_\_\_\_\_ - \_\_\_\_\_, the truck driver's \_\_\_\_\_. Follow \_\_\_\_\_ guidelines when \_\_\_\_\_ a truck.
