

Marijuana by the Numbers

The following information is based on the 2013 (most recent) Wisconsin Youth Risk Behavior Survey (YRBS) of a sampling of WI High School Students. This survey is done in concert with other states to form the Center for Disease Control's YRBS Report.

2013 YRBS: High School Students Who Have Ever Used Marijuana

➤ United States Average:

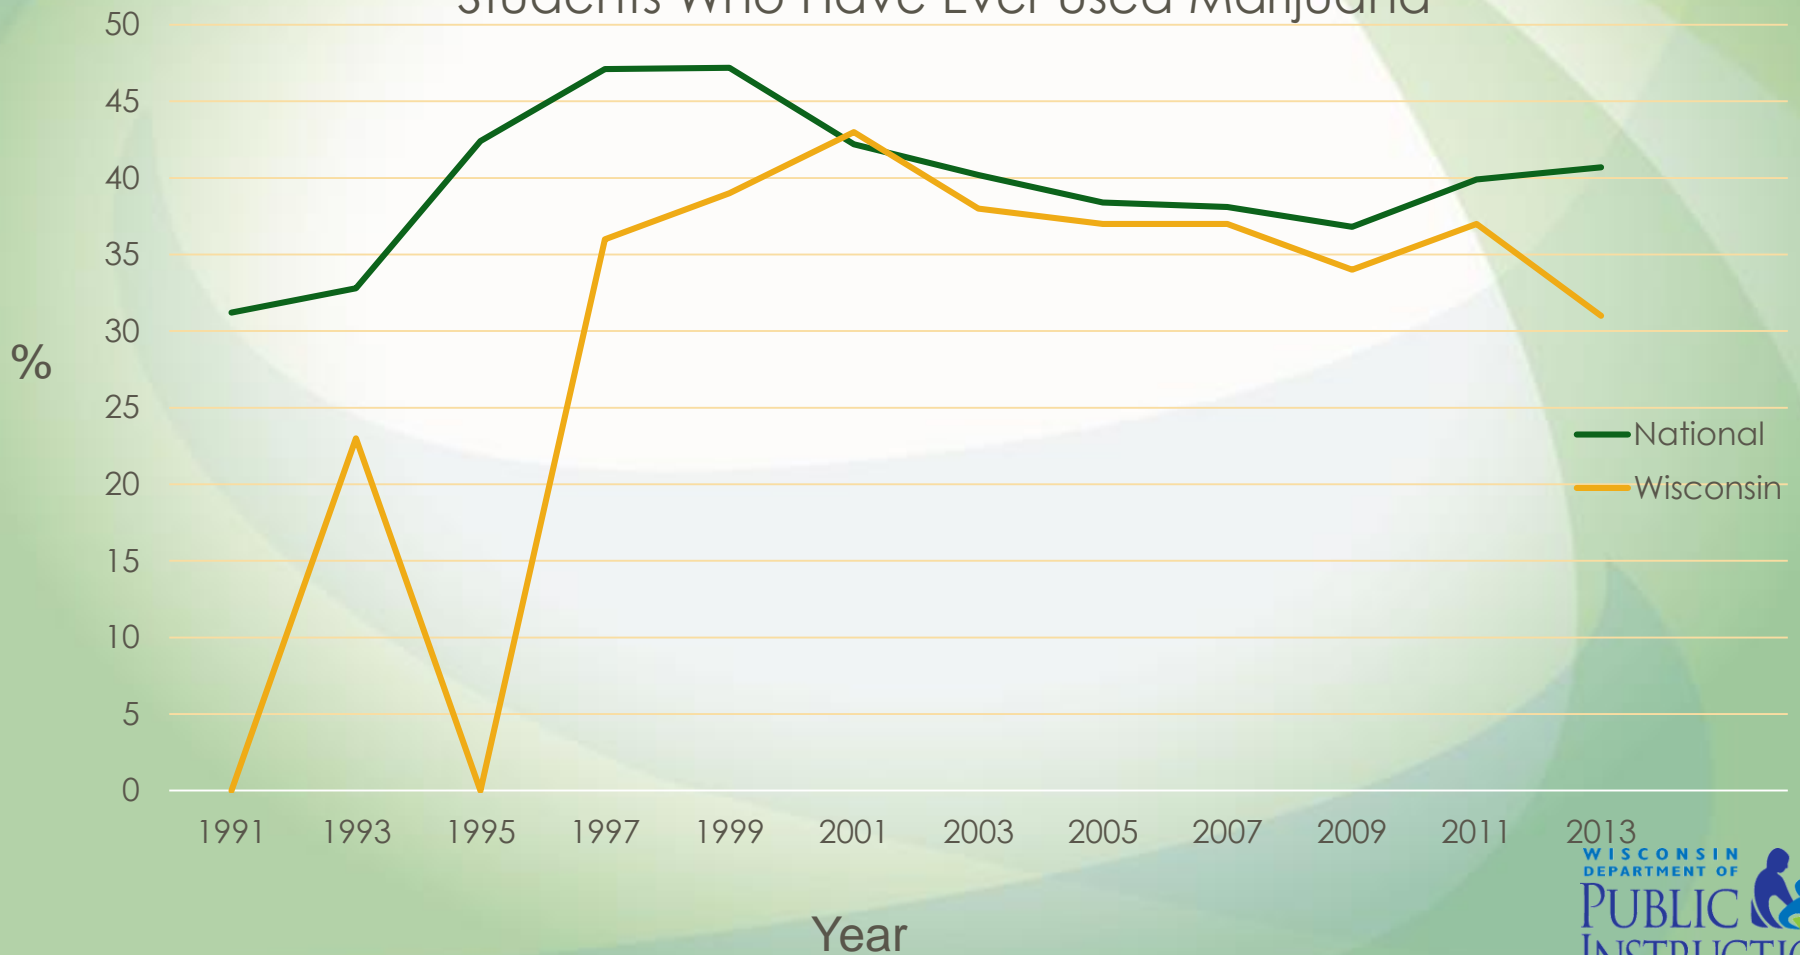

40.7%

➤ Wisconsin:

31.2%

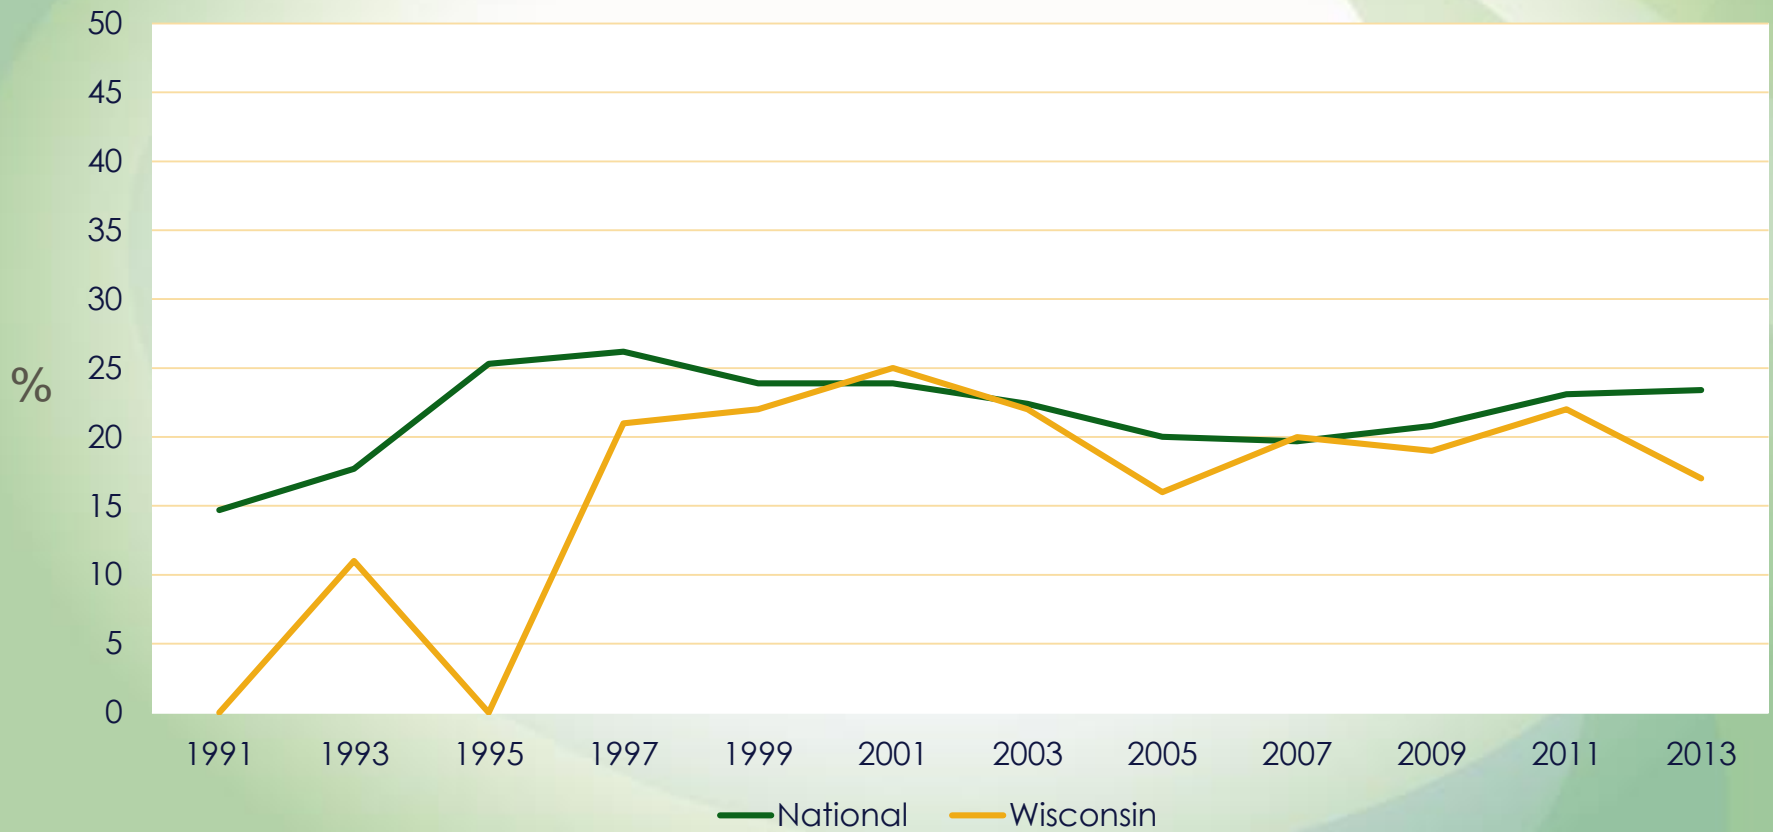

YRBS National Vs. Wisconsin Trends in Marijuana Use for High School Students
