

May 2017 El Mirage will have two Safety Seminars

PARACHUTE PACKING CLASS

When: Friday May 19th, after course walk, approximately 6? PM

Where: El Mirage Dry Lake, west end, around the SCTA Inspection Trailer/Tarp Area if weather is good, If wind and weather are not cooperating, we will move to inside the SCTA building

Guest Speaker: Joe Hansen, DJ Safety

If you missed it last year, now is your chance to learn more about one of the important safety features of your car.

Mr. Hansen will be presenting an overview of the usage of parachutes as they relate to Land Speed Racing Cars. Proper Packing, maintenance, mounting, general do and don'ts will be covered. Several demonstrations will be shown emphasizing proper packing techniques. All SCTA members are welcome, bring your own chairs. After the presentation, time permitting, there will be a question and answer period.

Please join us and share your experiences with fellow racers. We can all learn a thing or two about this very important safety device that most of our cars (and bikes) use. If the SCTA membership feels these types of safety related seminars are worthwhile, then we could plan more of them on El Mirage racing weekends. For more information, please contact Werner Schwarz directly at allanas@social.rr.com or by cell phone, 661-618-2473.

May 2017 El Mirage will have two Safety Seminars

ADVANCED FIRE & RESCUE MEET AND GREET

When: Saturday May 20th, after course walk, approximately 6? PM

Where: El Mirage Dry Lake, west end, around the SCTA Inspection Trailer/Tarp Area if weather is good, if wind and weather are not cooperating, we will move to inside the SCTA building

Guest Speaker: Craig Sanford, Owner of Advanced Fire & Rescue

Here is your chance to come out and meet the professionals that will be there for you if something goes wrong. Craig and his crew will talk about what they do, their backgrounds, and general topics covering the ever-expanding topic of safety. Meet the crew that works literally hundreds of races a year. They will be covering topics like extraction and first aid. We will have several race vehicles there and go over their unique safety challenges presented by different classes of vehicles.

All SCTA members are welcome, bring your own chairs. After the presentation, time permitting, there will be a question and answer period. If the SCTA membership feels these types of safety related seminars are worthwhile, then we could plan more of them on El Mirage racing weekends. For more information, please contact Werner Schwarz directly at allanas@socal.rr.com or by cell phone, 661-618-2473.
